

City Water Rates

Sec. 26-29. Raw water rates.

Untreated water taken from Joe Pool Lake from the city's contracted water rights in the lake shall be metered by a meter approved by the director of public works or designee and charged at four dollars and fifty cents (\$4.50) per one thousand (1,000) gallons and a monthly administration fee of fifty-five dollars (\$55.00).

(Ord. No. 7585, § 1, 5-15-07)

Sec. 26-30. Water taken from fire hydrants.

Water taken from the city's fire hydrants, other than by the various municipal Departments for authorized purposes such as fire fighting, street cleaning and system flushing shall be required to be metered by a meter obtained from the public works department, possessing a City of Grand Prairie logo and backflow prevention device. A refundable deposit equal to the replacement value of such meter and backflow device shall be charged. Water taken from fire hydrants shall be charged at a rate of four dollars and fifty cents (\$4.50) per one thousand (1,000) gallons and a monthly administration fee of fifty-five dollars (\$55.00).

(Ord. No. 7585, § 1, 5-15-07)
