

April 27, 2013

10:00am to 2:00pm

Grand Prairie Police Dept.

(1525 Arkansas Lane, Grand Prairie)

## What is THE BOX?

The "box" is a place to dispose of unused or expired medications quickly, safely and anonymously.

## **Why Do We Need It?**

Next to marijuana, the most common illegal drugs teens are using to get "high" are prescription medications, and home medicine cabinets are the number one point of access for these drugs. It is NOT SAFE for the environment to throw away or flush medications.

## **How Can I Find Out More?**

Contact IMPACT Grand Prairie by phone at 972.812.6307 or visit online at www.dpri.com. Talk with community partners who are knowledgeable about the safe use, storage and disposal of prescription medications.
