## SPROUTS PLANS TO OPEN NEW GP STORE

Natural and healthy grocer Sprouts Farmers Market will open a new store at Pioneer Parkway and Carrier Parkway by late 2021. Sprouts has 47 stores in Texas, with 23 in Dallas-Fort Worth.

“This year, Sprouts will densify its footprint with more stores opening in California, Florida and Texas,” said Dave McGlinchey, Sprouts’ chief format officer. “We’re excited to introduce our newest format in four stores in the second half of 2021 and plan to feature this format with even more stores next year, when we will be expanding at unit growth of 10 percent or more.”

## COVID-19 VACCINE

Distribution of the COVID-19 vaccine is currently underway. If you would like to receive the COVID-19 vaccine, the city recommends that you register in either Dallas or Tarrant County. County vaccine sites are open to all Texans who meet the state’s criteria to get an appointment, regardless of where you live. For information on qualifications for the vaccine, visit [gptx.org/covid-19](http://gptx.org/covid-19)

- **Dallas County registration:** [dallascountycovid.org](http://dallascountycovid.org) or call 1-855-466-8639 any day of the week, 7 a.m.-7 p.m.

## FLOOD SAFETY TIPS

### Before the Flood:

1. Check with the Stormwater Department (972-237-8321) on the extent of past flooding in your area. Department staff can discuss the causes of repetitive flooding, the City's actions to address flooding, and potential activities that you might consider doing to better protect your property and possessions. They can also visit your property to discuss potential flood protection alternatives.

2. Prepare for flooding by doing the following:
- Know the flood safety guidance discussed later in this article.
  - Know how to shut off the electricity and gas to your house when a flood comes.
  - Make a list of emergency numbers, and identify a safe place to go.
  - Make a household inventory.
  - Put insurance policies, valuable papers, medicine, etc., in a safe place.
  - Develop a disaster response plan (See the Red Cross' Web site: <http://www.redcross.org/get-help/how-to-prepare-for-emergencies> for a copy of the brochure "Your Family Disaster Plan").
3. Consider permanent flood protection measures.
- Mark your fuse box to show the circuits to the floodable areas. Turning off the power to these floodable areas can reduce property damage (fires) and save lives. Consider flood protection alternatives such as flood walls or berms.
  - Be aware that some flood protection measures may require permits. Please check with the Stormwater Department and/or the Building Inspections Department for more information.
4. Get a flood insurance policy.
- Add the flood insurance rider to your standard homeowner's insurance policy. Standard insurance policies do not cover flood damages.
  - Don't wait until the next flood to buy flood insurance protection. In most cases, FEMA requires a 30-day waiting period before the National Flood Insurance Program coverage takes effect.
  - Purchase flood insurance. Anyone can purchase flood insurance in Grand Prairie. Contact your insurance agent for more information on rates and coverage. If your insurance agent does not offer FEMA flood insurance, visit [www.fema.gov/nfip](http://www.fema.gov/nfip) to find a local agent who carries the flood insurance rider or call the Stormwater Department at 972-237-8321 for assistance.

### During/After the flood:

- Have a licensed electrician, plumber, etc., to check or turn on your power, water, and/or gas.
- Do not wade through flood waters due to the danger of pollutants, debris (nails, glass, etc.), and animals (snakes, ants, etc.).
- Do not drive through flood waters! Flood waters are often murky making it difficult to determine flood depth. Turn around, don't drown!
- Heed the warnings of the city's Office of Emergency Management if an emergency evacuation becomes necessary. Follow their instructions to keep you and the city's first responders safe.
- Get a copy of *Repairing Your Flooded Home*, which can be found on the Red Cross' website as well at [www.redcross.org/services/disaster/](http://www.redcross.org/services/disaster/)

## INTERESTED IN ADOPTING A KITTEN?

Consider fostering a litter of kittens instead. Not only will you be saving lives, but you will have the pick of the litter and the ability to say that you raised your pet AND their siblings!

Email [prairiepawsfoster@gptx.org](mailto:prairiepawsfoster@gptx.org) to get started!

## NO KIT-NAPPING

Did you know that mother cats are often out hunting for food when you find their babies left alone? Prematurely moving a kitten not only risks their health but will also result in a broken hearted mama.

If you have found kitten(s) that appear to be alone please go through the checklist before attempting to bring them to the shelter:

- ✓ Leave kittens where found
- ✓ Check back in after 24 hours. If the bellies are full and the fur is mostly clean, this means that mama is coming by.
- ✓ Call animal services at 972-237-8575 if you suspect that mama is not caring for the babies or in need of additional advice.
