# INTRODUCTORY SECTION

March 26, 2008

To the Honorable Mayor,  
Members of the City Council, and  
Citizens of the City of Grand Prairie, Texas

We are pleased to present the Comprehensive Annual Financial Report (CAFR) for the City of Grand Prairie, Texas for the fiscal year ended September 30, 2007. It was prepared by the City's financial staff and audited by Weaver & Tidwell, L.L.P.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Weaver and Tidwell, L.L.P., a firm of licensed certified public accountants, have issued an unqualified ("clean") opinion on the City of Grand Prairie's financial statements for the year ended September 30, 2007. The Independent Auditor's Report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. The letter of transmittal is designed to complement and should be read in conjunction with the MD&A.

In addition to issuance of the CAFR, the independent auditors have performed a Single Audit and issued auditor reports on the City's federal awards for the fiscal year ended September 30, 2007. The City's Single Audit Report is separately available by contacting the City's Finance Department.

### **Profile of the City of Grand Prairie, Texas**

The City of Grand Prairie is located 12 miles west of downtown Dallas, 18 miles east of downtown Fort Worth and 6 miles south of D/FW International Airport. The City lies within the Texas Counties of Dallas, Tarrant and Ellis, and, covers approximately 80 square miles. Grand Prairie is readily accessible by State Highway 360 which runs north/south and Interstate Highways 20 and 30 that run east/west through the city.

The City of Grand Prairie was incorporated in 1909 and is a Home Rule city operating under a Council/Manager form of government. The Council is comprised of the Mayor and eight Council members who are elected for staggered, three-year terms. The Mayor is elected at large,

and, the City Council is elected two at-large and six single member districts. Duties of the Council include enacting local legislation, adopting annual budgets, setting policies and appointing the Municipal Court Judge and City Manager. The City Manager is the chief administrative officer responsible for carrying out policies and for the daily management of the City.

Serving a population of approximately 161,550, the City provides a full range of services, including but not limited to police and fire protection; public libraries; the construction and maintenance of streets, and other infrastructure; water and wastewater service; solid waste collection and disposal; storm water utility; a municipal airport; municipal golf courses, and other recreational activities and cultural events. Fifteen Public Improvement Districts and three Tax Increment Financing Districts, none of which are legally separate entities, are included in the City's reporting entity.

The City's financial statements also include two component units that are legally separate entities, yet fiscally dependent on the primary government. The component units are the Grand Prairie Sports Facilities Development Corporation (the "Sports Corporation"), which owns the Lone Star Park at Grand Prairie horse track facility, and the Grand Prairie Housing Finance Corporation (HFC), which was created to issue tax-exempt mortgage revenue bonds to provide affordable housing to low-to-moderate income citizens. Additional information on these component units can be found in Note 1 in the notes to the financial statements.

The annual budget serves as the foundation for the City of Grand Prairie's financial planning and control. According to the City Charter, the City Manager annually prepares and submits a budget to the City Council. The budget is filed with the City Secretary and open for public inspection. The council reviews the proposed budget and holds a public hearing at which time interested citizens may express their opinion regarding the this budget. City Council approves the budget in September and it takes effect for the next fiscal year, beginning October 1.

The City Manager is authorized to transfer budgeted amounts between line items and departments within any fund; however, any revisions that alter the total expenditure of any fund must be approved by the City Council. The level of budgetary control is the fund level budget in all funds. Internal financial reports sufficient for management to plan, monitor and control the city's financial affairs are generated and distributed monthly. Personnel expenditures are monitored and controlled at a position level and capital expenditures are monitored and controlled project by project. Revenue budgets are reviewed monthly.

### **Economic Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Grand Prairie operates.

The City of Grand Prairie is ideally located in the heart of the Dallas-Fort Worth Metroplex. It is situated midway between Dallas and Fort Worth and just minutes south of the DFW International Airport and Dallas Love Field. Thus, the economic vitality of the region significantly impacts

the economic health of Grand Prairie. D/FW is the largest metropolitan area in Texas and has sustained tremendous growth during the past decade. Grand Prairie's population surge placed it as the nation's sixth-fastest growing city with more than 100,000 residents, according to the U.S. Census Bureau.

### Local Economy

Grand Prairie's development continued to show sustained growth. The City's permitted new construction jumped 93 % in 2007 to 4.2 million square feet, 2 million square feet more than in 2006. Its related value is estimated to be \$181.2 million, a 76% increase. Jobs related to new construction in 2007 also increased from 2006, 1600 and 1500 respectively.

Lake Prairie Towne Centre (retail power center) added Marshall's, Ross and On the border to its tenant list. They join Super Target, Home Depot, Chili's, Petco and 24-hour Fitness, among others. The nearly 600,000 square foot power center is close to 90 percent complete and occupied.

Absorption of existing space was highlighted by Ashley Furniture and Pepsi/Quaker expansions and by renovation and occupancies by Renaissance Hospital at the former DFW Hospital and by Asia Times Square tenants at the revamped Wal-Mart. In addition, Komplete Packaging, one of the largest contract packaging companies in the south, purchased and occupied a vacant 100,000 square foot warehouse.

Citywide, square feet absorbed in 2007 totaled 2.5 million, compared with 3.3 million in 2006. Jobs added by companies locating here totaled 1900 in 2007 and 2200 in 2006. Interior finish-out value increased in 2007 to \$11 million from \$5.2 million in 2006.

Five new industrial distribution centers with construction under way could add up to 6 million square feet by the end of 2008. All that construction, depending on the appraisal district's recorded year of finish, would surpass the City's biggest year of industrial construction in 1981 when 3.5 million square feet were added.

### **Long-term financial planning**

The City of Grand Prairie has developed a comprehensive capital improvements document. This process has allowed the City Council to fund several major infrastructure improvements, park enhancements and capital purchases in a systematic manner with full consideration of the impact to the operating budget and tax requirements. Many of these projects have been completed on a pay-as-you-go basis. Utilizing a disciplined practice of annually budgeting for capital reserves, the City has effectively funded various capital projects thus avoiding additional debt expenditures.

### **Relevant financial policies**

The City's financial operations are guided by comprehensive financial management policies introduced by a Purpose Statement that includes the following: "The overriding goal of the

Financial Management Policies is to enable the city to achieve a long-term, stable and positive financial condition while conducting its operations consistent with the council-manager form of government established in the City Charter. The watchwords of the city's financial management include integrity, prudent stewardship, planning, accountability, and full disclosure."

The Purpose Statement also includes that "The scope of the policies spans accounting, auditing, financial reporting, internal controls, operating and capital budgeting, revenue management, cash management, expenditure control, and debt management." The City also maintains, as separate documents, comprehensive Investment, Debt Management and Purchasing Policies. They provide guidance both to the City staff in daily, financial decision-making, and, to the City Council at a policy setting level. The policies are annually reviewed by the City Council.

The City of Grand Prairie has been served very well by these comprehensive financial policies. The City has achieved and maintained numerous, financially healthy benchmarks and ratios including sufficient fund balances in all funds, compliance with debt coverage ratios and fiscally sound investment practices. In turn, this financially healthy condition has been an important and positive factor in the evaluation of the City's borrowing needs through bond sales. The City's high credit rating directly affects the City's borrowing costs reflected in lower interest rates and reduced interest expenditures.

Finally, City Council has a three-member Finance and Government Committee whose members provide guidance to the City in budgetary, audit, internal control, and other significant financial matters.

### **Major initiatives**

Economic news in 2007 was highlighted by Prime Retail's announcement that it will build 450,000 square feet of high-end retail outlets in Grand Prairie, bringing the City its first regional retail attraction. At SH 360 and I-20, tenants should number up to 120 and employ about 500 people. The mall could attract as many as 3 million people a year. Construction is expected to begin in summer 2008.

A highly successful local election resulted with the voters approving sales tax financing for several high-impact public projects including a professional baseball park, adult/senior activity center and public safety facility. Additionally, Central Park, a 172-acre super park at SH 161 and Warrior, moved forward and will be the site of the new public safety facility and adult/senior activity center.

The City also progressed on the renovation of Uptown Theater with the purchase of two adjacent spaces on Main Street. Restoration activity has begun on the 1950s era theater that will host performing arts and serve as home of the Arts Council. Its debut is scheduled for fall 2008.

Future projects total about 3.5 million square feet, 2000 jobs and \$124 million in value. They include Duke Realty's Grand Lakes, Logistics Crossing II, CB Richard Ellis/Trammell Crow SH 161 Distribution Center, Sowell Properties, and Mira Lagos/Hanover Partners Retail.

## Awards

The City's dedication to full financial disclosure is evidenced by its participation in the Government Finance Officers' Association of the United States and Canada (GFOA) Certificate of Achievement for Excellence in Financial Reporting (Certificate of Achievement™) program.

To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents confirm to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City has been awarded the GFOA Certificate of Achievement on its comprehensive annual financial reports each year for fiscal years ending 1985 through 2006. The City believes the 2007 CAFR continues to meet the program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate and prestigious award.

In addition, the City also received the GFOA's Distinguished Budget Presentation Award for its annual budget document dated September 30, 2006. In order to qualify for the distinguished Budget Presentation Award, the City's budget document had to be judged proficient as a policy document, a financial plan, and operations guide, and a communications device.

Finally, the City was recognized by the National Purchasing Institute for earning The Achievement of Excellence in Procurement Award. The program is designed to measure and recognize excellence organizations for innovation, professionalism, e-procurement, productivity, and leadership attributes of the procurement function. This is the 12<sup>th</sup> time that the City has earned this recognition. Moreover, City of Grand Prairie is one of only 29 agencies to win at least eight times.

## Acknowledgements

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the Finance Department and Ken Unkart in Parks & Recreation for graphics assistance, as well as, the Budget and Economic Development Departments for their assistance with related information.

Thanks are also extended to the City Council and Finance and Government Committee for their unfailing support and encouragement of sound financial management and for maintaining the highest standards of professionalism in the management of the City's finances.

Sincerely,

Tom Hart,  
City Manager

Diana G. Ortiz,  
Chief Financial Officer

## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of  
the City Council  
CITY OF GRAND PRAIRIE, TEXAS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Grand Prairie (the "City") as of and for the year ended September 30, 2007, which collectively comprise the City's basic financial statements, as listed in the table of contents. These basic financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2008 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

In our opinion the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Grand Prairie at September 30, 2007, and the respective changes in financial position and cash flows, where applicable, thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying management's discussion and analysis, the budget to actual schedules for the General Fund, Park Venue Fund and Section 8 Fund and schedule of funding progress are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

City of Grand Prairie, Texas  
Page Two

Our audit was made for the purpose of forming opinions on the basic financial statements taken as a whole. The introductory section, combining and individual non-major fund financial statements and schedules and statistical tables listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements of the City. The combining and individual non-major fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on such data.

# MANAGEMENT'S DISCUSSION & ANALYSIS

**CITY OF GRAND PRAIRIE, TEXAS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2007  
(Unaudited)**

As management of the City of Grand Prairie, Texas (the "City"), we offer to readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2007. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal. Also, unless otherwise indicated, all amounts presented are for the City's primary government and exclude any component unit.

**FINANCIAL HIGHLIGHTS**

- ◆ The assets of the City exceeded its liabilities (*net assets*) at September 30, 2007 by \$539,926,583. Of this amount, \$146,220,020 may be used to meet the government's ongoing obligations to citizens and creditors (*unrestricted net assets*).
- ◆ The City's net assets increased by \$55,555,280 for the fiscal year ended September 30, 2007. Capital contributions from private developers for improvements to the City's infrastructure accounted for \$9,294,966 or 16.7% of the increase in city net assets.
- ◆ The City's governmental funds reported combined ending fund balances of \$122,278,703 at September 30, 2007, an increase of \$35,426,593 in comparison with prior year combined fund balances. Of the governmental funds reported combined fund balances, \$112,290,816 or 91.8% is available for spending within City guidelines (*unreserved fund balance*).
- ◆ The City's unreserved fund balance for the general fund was \$24,474,441 at year end or 31.3% of total general fund expenditures for the reported fiscal year.
- ◆ The City's total long-term liabilities of \$264,508,085 increased by \$18,300,839 or 7.4% during the reported fiscal year. In fiscal year 2007, the City issued general obligation, certificates of obligation, water and wastewater revenue, and TIF-related certificates of obligation bonds totaling a combined \$28,085,000.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves. Such supplementary information is unaudited and is presented to provide the reader with additional information for further analysis.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to that of a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (government activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include public safety, recreation and leisure, development services, and the general government support services. Development services includes among other services the City's planning, public works, transportation, housing, and community development activities. The business-type activities of the City include water and wastewater system, a solid waste sanitary landfill, a storm water drainage utility system, a municipal airport, and municipal golf courses.

The government-wide financial statements include not only the City itself (known as the primary government), but also the Grand Prairie Sports Facilities Development Corporation, Inc. (the "Sports Corporation") and the Grand Prairie Housing Finance Corporation ("HFC") as component units. Both are legally, financially, and administratively autonomous separate corporations. HFC issues tax exempt revenue bonds to supply mortgage financing for low income home buyers and multi-family developments, and engages in other affordable housing activities. The Sports Corporation oversees the Lone Star Park at Grand Prairie horse track facility. The City levies and collects a one-half cent sales and use tax to finance the racetrack project.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds. The City does not have any funds that are used to account for resources held for the benefit of parties outside the government (fiduciary funds).

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City has five major governmental funds: General Fund, Section 8 Fund, Park Venue Fund, Street Improvements Fund, and Debt Service Fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for each of the major governmental funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriating budget for its General Fund and certain other governmental funds of significance to governance. Budgetary comparison schedules have been provided for the General Fund, Section 8 Fund and Park Venue Fund to demonstrate compliance with this budget.

***Proprietary funds.*** The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities of the government-wide financial statements. The City uses enterprise funds to account for its respective water and wastewater system, solid waste sanitary landfill, storm water utility, municipal airport, and municipal golf courses operating, investing, and financing activities. Internal service funds are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for vehicle and equipment maintenance and the premiums, deductibles, and claims for all insurance programs (e.g. employee health, workers compensation, general liability, etc.). Because these services benefit both governmental and business-type functions, they have been allocated to both activities in the government-wide financial statements in proportion to services received.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The City has five enterprise funds of which three are major enterprise funds: the Water Wastewater Fund, the Municipal Golf Fund, and the Solid Waste Fund. Data from the other enterprise funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for each of these nonmajor enterprise funds is provided in the form of combining statements elsewhere in this report. The City's two internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the City's internal service funds is provided in the form of combining statements elsewhere in this report.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its employees.

The combining statements referred to earlier in connection with nonmajor governmental funds, nonmajor enterprise funds, and internal service funds are presented immediately following the required supplementary information.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$539,926,583 at year end. The City had total assets at year end of \$828,861,265. The City's pooled cash and investments totaling \$187,154,751 and capital assets (e.g., land, buildings, equipment, infrastructure, and construction in progress), net of accumulated depreciation totaling \$623,070,251 represented 22.6% and 75.2%, respectively, of total government assets.

The City's investment in capital assets, less any related debt used to acquire those assets that is still outstanding, totaled \$384,697,516 and represented 71.2% of the City's total net assets at year end. The City uses its capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Table 1 below is a summary of the City's net assets at year end compared to the prior year.

**Table 1**  
**Net Assets**

	Governmental Activities		Business-Type Activities		Total Primary Government	
	9/30/2006	9/30/2007	9/30/2006	9/30/2007	9/30/2006	9/30/2007

Unrestricted	52,044,716	99,358,971	37,114,582	46,861,049	89,159,298	146,220,020
Total net assets	<u>\$ 310,309,315</u>	<u>\$ 355,047,037</u>	<u>\$ 174,061,988</u>	<u>\$ 184,879,546</u>	<u>\$ 484,371,303</u>	<u>\$ 539,926,583</u>

A portion of the City's net assets totaling \$9,823,817 or 1.8% represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets may be used to meet the government's ongoing obligations to citizen's and creditors.

At the fiscal year end, the City is able to report positive balances in all three categories of net assets, for both governmental and business-type activities.

The City's net assets increased by \$55,555,280 in fiscal year 2007. As previously mentioned, \$9,294,966 or 16.7% of the increase is attributable to the revenue recognition of private developer capital contributions for improvements to the City's infrastructure. The remaining increase represents the degree to which revenues have exceeded expenses.

The fiscal year 2007 compared to fiscal 2006 changes in the City's net assets were as follows:

**Table 2**

**Changes in Net Assets**

	<b>Governmental Activities</b>		<b>Business-Type Activities</b>		<b>Total Primary Government</b>

The changes in the City's general revenues from prior year excluding contributions and transfers were as follows:

**Table 3**

**General Revenue Comparison  
For the Year End**

	<b>Fiscal Year 9/30/06</b>	<b>Fiscal Year 9/30/07</b>	<b>Increase (Decrease)</b>
Governmental activities:			
Property taxes	\$ 54,462,317	\$ 61,443,459	\$ 6,981,142
Sales taxes	29,289,416	31,919,487	2,630,071
Other taxes	1,299,365	1,344,762	45,397
Franchise fees	15,658,628	11,375,535	(4,283,093)
Investment income	4,735,009	7,573,850	2,838,841
Other	71,784	-	(71,784)
Total governmental activities	<u>105,516,519</u>	<u>113,657,093</u>	<u>8,140,574</u>
Business-type activities:			
Franchise fees	305,907	-	(305,907)
Investment income	1,685,867	2,549,696	863,829
Total business-type activities	<u>1,991,774</u>	<u>2,549,696</u>	<u>557,922</u>
Total general revenues	<u>\$ 107,508,293</u>	<u>\$ 116,206,789</u>	<u>\$ 8,698,496</u>

The City's \$3,702,670 total increase in investment income from prior year is entirely attributable to the change in market interest earnings rates. The City investment policy is to hold investments until maturity. Property tax revenue increased \$6,981,142 due primarily to a 8.9% increase in net taxable assessed property values. Sales tax revenue increased \$2,630,071 due to a state reallocation of prior years' sales tax payments. Franchise fee revenue decreased \$4,589,000 because of decreased gross revenues of payors. Other revenues decreased \$71,784 due to an accounting reclassification to other operating revenue accounts.

**Governmental activities.** Net assets for governmental activities increased by \$44,737,722, thereby accounting for 80.5% of the total increase in the government's net assets. Of the increase, contributions of infrastructure by private developers to the city represented 11.4%. An increase in governmental general revenues (excludes operating transfers) compared to prior fiscal year represented 18.3% of the total increase in governmental net assets. The remaining increase represents the degree to which program revenues exceeded expenses. The City's operating grants and contributions revenues increased by \$14,911,512 reflecting increases in Section 8 revenue and increases in other operating grants. Increases in charges for services resulted from a high level of development activity and increases in fines and forfeitures due to vigorous collection efforts. The \$5,618,126 increase in capital grants and contributions was primarily due to a change in the method used to estimate developers' contributions.

Expenses for governmental activities also increased. Employee pay raises, rising costs of health insurance and increased interest expense due to debt issuance were the primary factors.

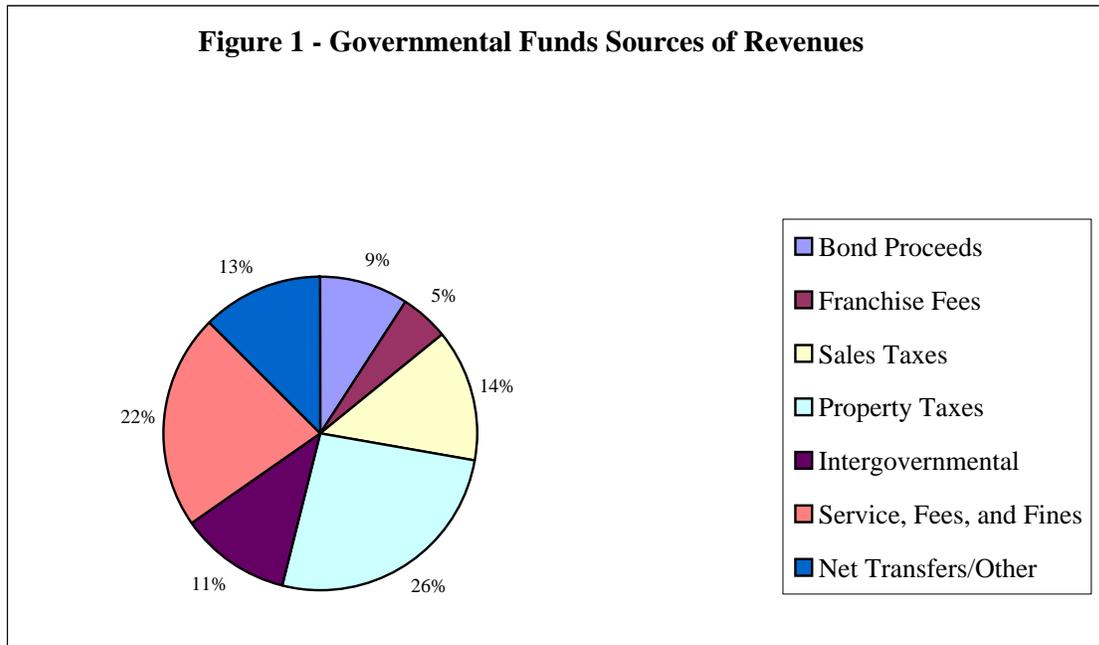

**Business-type activities.** Business-type activities increased the City's net assets by \$10,817,558, accounting for 19.8 percent of the total growth in the primary government's net assets. Of the increase, contributions by private developers to the City's water and wastewater system infrastructure represented \$4,283,801 or 39.6 percent. Table 2 summarizes the changes in business-type activities net assets.

## FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

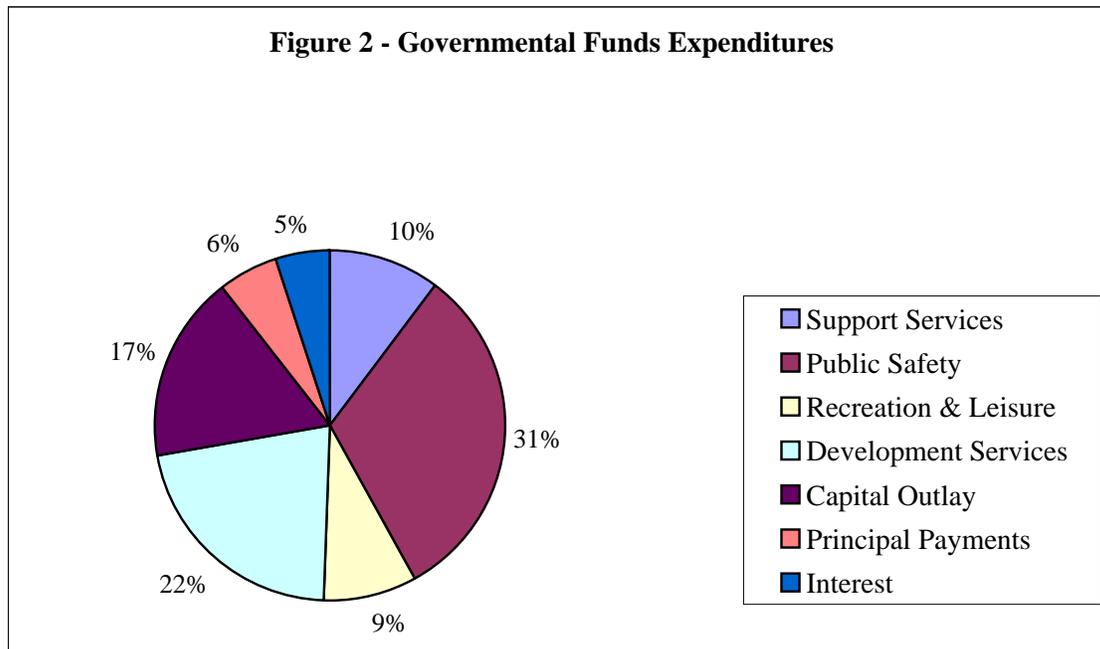

**Governmental funds.** The focus of City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

For fiscal year 2007, the City's governmental funds (excluding internal service funds) reported combined ending fund balances of \$122,278,703, an increase of \$35,426,593 in comparison with the prior year. The unreserved fund balance portion is 91.8% and is available for spending at the government's discretion. The remainder is reserved to indicate that it is not available for new spending because it has already been committed 1) to liquidate inventories, contracts and purchase orders of the prior period - \$3,912,163, and 2) to pay debt service - \$6,075,724. Figures 1 and 2 that follow show the distribution of governmental funds sources of revenues - \$234,326,733 and expenditures - \$198,900,140 respectively, for fiscal year 2007.

Other sources of revenues include general fund general and administrative charges, transfers, gain on sale of capital assets, and other operating revenues.

**Figure 2 - Governmental Funds Expenditures**

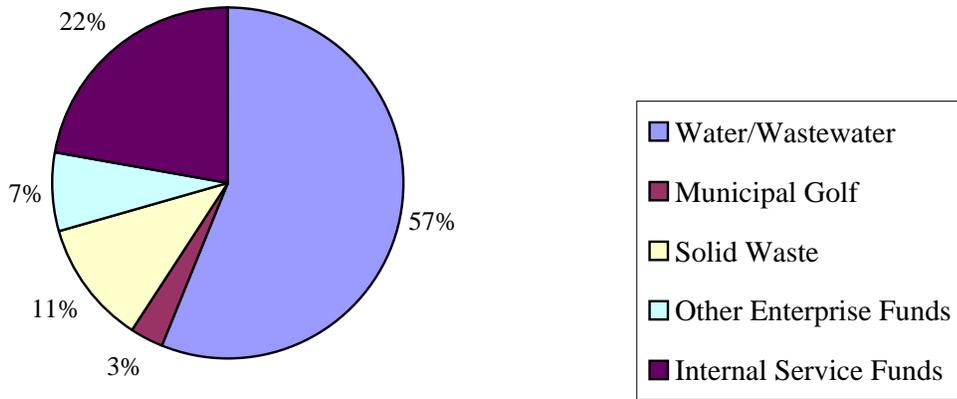

The General Fund is the chief operating fund of the City. At the fiscal year end, unreserved fund balance of the General Fund was \$24,474,441, while total fund balance was \$25,452,473. As a measure of the General Fund’s liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 31.3% of total general fund expenditures, while total fund balance represents 32.5% of that same amount. The City’s General Fund balance increased by \$452,575 in fiscal year 2007.

Fund balances of several other governmental funds changed significantly. Fund balances of the Park Venue Fund and Street Improvements Fund increased by \$1,616,066 and \$7,458,208, respectively, due to operating transfers. Section 8 Fund saw an increase in fund balance due to increased HUD funding and Debt Service Fund increased by \$1,747,035 due to increased property tax revenue. The fund balance of the nonmajor governmental funds increased by \$24,033,841 because of increased sales tax revenue and unspent proceeds of bonds issued during the year.

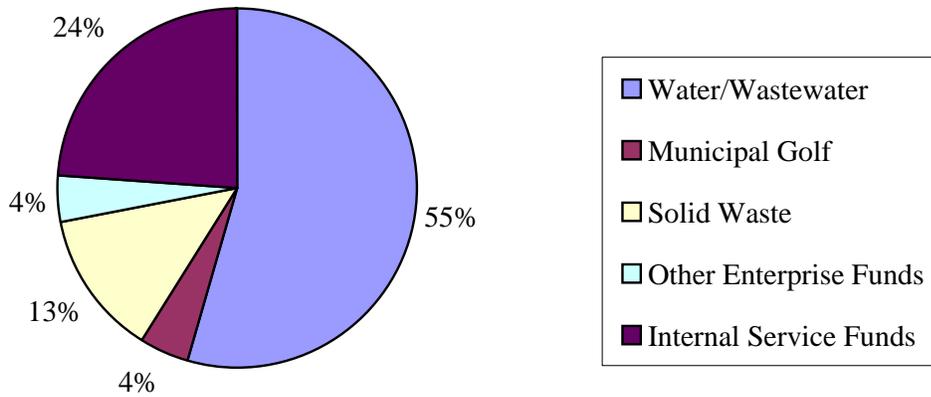

**Proprietary funds.** The City proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The net assets of the City’s enterprise funds and internal service funds were \$184,076,782 and \$4,480,083, respectively at September 30, 2007. The City’s internal service funds reported a gain before transfers and capital contributions of \$1,055,505. The enterprise funds’ amount invested in capital assets, net of related debt represented 72.9% of total enterprise funds net assets. The enterprise funds unrestricted net assets were 25.1% of total enterprise funds net assets. The internal service funds’ amount invested in capital assets, net of related debt represented 21% of total internal service funds’ net assets. The internal service funds unrestricted net assets were 79% of total internal service funds’ net assets. Other factors concerning the finances of the proprietary funds have already been addressed in the discussion of the government-wide financial statements and business-type activities. The following Figures 3 and 4 show the proprietary funds revenues of \$83,779,113 and expenses of \$73,763,172 (excluding transfers and capital contributions) by activity.

**Figure 3 - Proprietary Funds Revenues by Activity**

**Figure 4 - Proprietary Fund Expenses by Activity**

**General Fund Budgetary Highlights**

During the year there was a \$340,023 increase in appropriations between the original and final budget. This increase was due primarily to a supplemental appropriation to the public safety departments (police, fire, etc.) for personnel costs, utilities and contract services and in development for street light costs. For the reported fiscal year, revenues exceeded budgetary estimates by \$2,679,921. Expenditures were under budgetary estimates by \$1,162,958. The fund realized an increase in fund balance of \$452,575 due to higher than budgeted revenues for sales tax and franchise fees. The City traditionally budgets revenue conservatively which frequently results in positive budgetary variances.

## Capital Asset and Debt Administration

**Capital assets.** The City's investment in capital assets, net of accumulated depreciation, for its governmental and business-type activities at fiscal year end amounted to \$623,070,251. This investment includes land, buildings, improvements other than buildings (includes infrastructure), machinery and equipment, and construction in progress. The City's capital assets increased by \$31,179,669 in fiscal year 2007.

Major capital asset events during the reported fiscal year included the following:

- ◆ Private developer capital contributions of \$4,283,801 to the City's streets, water, sewer, and drainage infrastructure in connection with various residential and commercial developments.
- ◆ Capital outlay totaling \$1,150,087 for improvement of the City's parks and recreation facilities. Improvements were made to park facilities.
- ◆ Capital outlay totaling \$8,650,775 for improvements to various streets, sidewalks, entryways, pedestrian pathways and intersections in the City.
- ◆ Water and wastewater capital improvements totaling \$20,161,706

The City's capital assets, net of accumulated depreciation, at fiscal year end was as follows:

**Table 4**

**Capital Assets\***

	Governmental Activities		Business-Type Activities		Total Primary Government	
	9/30/06	9/30/07	9/30/06	9/30/07	9/30/06	9/30/07
Land	\$ 19,929,001	\$ 24,953,662	\$ 3,251,674	\$ 3,251,674	\$ 23,180,675	\$ 28,205,336
Construction in progress	114,506,640	112,131,145	31,925,908	38,757,123	146,432,548	150,888,268

Accumulated depreciation	(153,014,539)	(171,654,140)	(94,731,517)	(105,138,024)	(247,746,056)	(276,792,164)
Total capital assets, net	<u>\$ 406,669,889</u>	<u>\$ 426,341,023</u>	<u>\$ 185,220,693</u>	<u>\$ 196,729,228</u>	<u>\$ 591,890,582</u>	<u>\$ 623,070,251</u>

\* See note 3.a.2 for more detailed information on the City's capital assets.

**Long-term debt.** At September 30, 2007, the City had the following long-term liabilities excluding amounts due within one year:

**Table 5**

**Long-Term Debt\***

	<b>Governmental Activities</b>		<b>Business-Type Activities</b>		<b>Total Primary Government</b>	
	<b>9/30/06</b>	<b>9/30/07</b>	<b>9/30/06</b>	<b>9/30/07</b>	<b>9/30/06</b>	<b>9/30/07</b>
Bonded debt	173,729,702	\$ 185,791,917	\$ 59,094,071	\$ 62,458,824	\$ 232,823,773	\$ 248,250,741
Accrued compensated absences	10,433,011	11,340,991	269,617	320,014	10,702,628	11,661,005
Closure and post closure liability	-	-	2,680,845	4,596,339	2,680,845	4,596,339
Total long-term debt	<u>\$ 184,162,713</u>	<u>\$ 197,132,908</u>	<u>\$ 62,044,533</u>	<u>\$ 67,375,177</u>	<u>\$ 246,207,246</u>	<u>\$ 264,508,085</u>
Long-term debt to net assets percentage	59%	56%	36%	36%	51%	49%

Of the total bonded debt, \$166,443,220 or 67% is debt backed by the full faith and credit of the government with a property tax pledge.

During the reported fiscal year, the City issued \$28,085,000 in new bonded debt and repaid principal on bonds totaling \$12,921,780. The City's interest expense on its bonded debt was \$11,076,231 for the reported fiscal year.

The City's bond ratings by Moody's and Fitch IBCA are currently as follows:

	<u>Moody's</u>	<u>Fitch IBCA</u>
General obligation bonds	Aa3	AA
Sales tax revenue bonds	Aa3	AA
Water and wastewater revenue bonds	A1	AA-

\* See Note 3.b.2 to the financial statements for more detailed information on the City's long-term debt.

**Economic Factors and Next Year's Budgets and Rates**

The City's elected and appointed officials considered many factors when setting the fiscal year 2008 budget, tax rates, and fees that will be charged for the business-type activities. One of those factors is the economy. The population growth experienced by the City has stimulated residential and commercial development activity. The continued growth in population has placed additional demands on the City to maintain or expand services. The City's unemployment rate is currently approximately 4.4% which is typical for cities in the region.

These indicators are taken into account when adopting the General Fund budget for fiscal year 2008:

- ◆ An increase in property tax assessed values for a twelfth consecutive year resulting in additional budgeted property tax revenues of \$6,207,010. The City's net taxable assessed property values increased by 11.2% to \$9,209,069,370 for fiscal 2007 as compared to prior fiscal year. The City did not change the property tax rate of 0.669998 per \$100 taxable value for fiscal year 2007.
- ◆ A 7.3% increase in budgeted sales taxes revenues as compared to prior fiscal year budget due to an expected continued improvement to the economy. There is no change in the City's sales tax rate.
- ◆ The City's favorable bond ratings and continued low interest earnings and expense rates.

The City expects an overall increase in other general revenues of governmental activities from increased activity. Investment income is expected to remain the same as fiscal year 2007 because interest rates on new investments of surplus cash are lower than those on maturing securities.

The City's total approved operating appropriations and reserves for fiscal year 2008 is \$189,890,014 an increase of \$14,143,039 or 7.4% as compared to prior fiscal year original budget. The general fund approved appropriations for fiscal year 2008 is \$95,502,679, an increase of \$6,310,788 or 6.6% from prior year. The remaining change in total budgeted operating appropriations and reserves include increases of \$2,105,715 in the Park Venue Operating Fund, \$368,265 in the Solid Waste Fund, \$2,014,530 in the Water Wastewater Fund and \$89,159 in the Cable Fund. In addition, the City has approved an increase in debt service appropriations of \$1,695,331.

The City's total approved planned capital projects for fiscal year 2008 includes \$60,751,457 in appropriation requests. The fiscal year 2008 planned capital projects includes \$21,610,476 for water and wastewater improvements, \$18,916,992 in street and signal improvements, \$200,000 in parks improvements and \$1,600,000 in storm drainage improvement.

### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City Controller, City of Grand Prairie, Texas, 317 College Street, P.O. Box 534045, Grand Prairie, Texas, 75053-4045.

**CITY OF GRAND PRAIRIE, TEXAS  
RECONCILIATION OF THE GOVERNMENTAL FUNDS  
BALANCE SHEET TO STATEMENT OF NET ASSETS  
SEPTEMBER 30, 2007**

**Total fund balance - total governmental funds** **\$ 122,278,703**

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds balance sheet. This is the amount of governmental capital assets excluding internal service capital assets of \$927,262. 425,413,763

Certain receivables will be collected this year, but are not available soon enough to pay for the current period's expenditures and are, therefore, deferred in the funds. 807,881

Interest payable on long term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in governmental funds balance sheet. (1,051,817)

Internal service funds are used by management to charge cost of certain activities, such as employee health insurance, risk management insurance, and fleet management, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the government-wide statement of net assets (net of amount allocated to business-type activities of \$802,764). 3,677,419

Noncurrent liabilities and the current portion of general long term debt are not reported as liabilities in the governmental fund balance sheet. This amount represents total noncurrent liabilities related to governmental activities. These noncurrent liabilities are as follows:

General obligation bonds	\$ (70,284,620)	
Certificates of obligation	(86,119,781)	
Sales tax revenue bonds	(29,540,000)	
Unamortized bond issuance costs	1,018,140	
Unamortized bond premium/discount, net, and loss on refunding	152,484	
Compensated Absences	(11,305,135)	<u>(196,078,912)</u>

**Net assets of governmental activities** **\$ 355,047,037**

See accompanying notes to basic financial statements.

**CITY OF GRAND PRAIRIE, TEXAS  
RECONCILIATION OF THE STATEMENT OF REVENUE,  
EXPENDITURES, AND CHANGES IN FUND BALANCE OF  
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED SEPTEMBER 30, 2007**

<b>Net change in fund balances - total governmental funds</b>		35,426,593
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the government-wide statement of activities and changes in net assets, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.		29,577,246
The net effect of various transactions involving capital assets (ie., sales, trade ins, and contributions) is to increase net assets.		8,810,313
Depreciation expense on capital assets is reported in the government-wide statement of activities and changes in net assets, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditure in governmental funds.		(18,639,601)
The issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance cost, premiums, discounts, and similar items when debt is first issued, whereas the amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
	Bonds issued, net of premium on issuance and issuance costs	(21,304,322)
	Bond principal retirement	9,632,819
	Amortization of deferred charges	(192,792)
		<u>(11,864,295)</u>
Some expenses reported in the statement of activities do not require the use of current financial resources, therefore, are not reported as expenditures in governmental funds.		(896,931)
Some property tax and intergovernmental revenues will not be collected for several months after the city's fiscal year end. These are not considered "available" revenues in the governmental funds until received. Change in amount deferred on Fund statements.		178,359
Accrued interest expense on long-term debt is reported in the government-wide statement of activities and changes in net assets, but does not require the use of current financial resources; therefore, accrued interest expense is not reported as expenditures in governmental funds. Change in accrued interest.		(70,778)
Internal service funds are used by management to charge the costs of certain activities, such as insurance and fleet maintenance, to individual funds. The net revenue of the internal service funds is reported with governmental activities net of amount allocated to business-type activities and depreciation expense.		2,216,816
<b>Change in net assets of governmental activities</b>		<u><u>\$44,737,722</u></u>

See accompanying notes to basic financial statements.

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**a. Introduction**

The City of Grand Prairie (“City”) is one of the Mid-Cities in the Dallas-Fort Worth Metroplex, 12 miles west of downtown Dallas, 18 miles east of downtown Fort Worth and 6 miles south of DFW International Airport. The City was incorporated in 1909, and adopted the Council-Manager form of government in 1948.

The services provided by the City are diverse. The financial position, results of operations and budgets (where legally adopted) of these multi-faceted services are all included in the City’s financial “reporting entity,” as more fully described in the immediately subsequent section of this Note.

The City reports in accordance with accounting principles generally accepted in the United States of America (“GAAP”) as established by the Governmental Accounting Standards Board (“GASB”) and the Financial Accounting Standards Board (“FASB”). The accounting and reporting framework and the more significant accounting principles and practices are discussed in subsequent sections of this Note. The remainder of the Notes are organized to provide concise explanation, including required disclosures of budgetary matters, assets, liabilities, fund equity, revenues, expenditures/expenses, and other information considered important to gaining a clear picture of the City’s financial position and results of operations as of and for the fiscal year ended September 30, 2007.

**b. Financial Reporting Entity**

Knowledge of the definitions for the following terms is important to the reader’s understanding of the Notes:

Reporting Entity – The primary government and all related component units are combined to constitute the financial reporting entity.

Primary Government – The core or nucleus of the financial reporting entity. The City’s services include primarily the traditional local government responsibilities of public safety, streets and transportation, water and wastewater, solid waste collection and disposal, environmental health, leisure services and general aviation airport.

Blended Component Units – A legally separate governmental unit that is an extension of the primary government whereby the component unit’s governing body is substantively the same as the primary government, provide services almost entirely to the primary government and almost exclusively benefits the primary government.

Discretely Presented Component Units – A legally separate governmental unit or organization for which the elected officials of the primary government are financially accountable, and which is reported in a column separate from the primary government within the combined financial statements.

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

1) Component Unit – Sports Corporation

Although the Sports Corporation is legally, financially and administratively autonomous, its Board of Directors are appointed by the Grand Prairie City Council. Additionally, four of the seven Sports Corporation board members are members of the Grand Prairie City Council. Therefore, the Sports Corporation should be included within the financial reporting entity of the City; as such, the financial statements of the component unit have been included in the financial reporting entity as a discretely presented component unit. The component unit column is reported as a separate column in the combined financial statements to emphasize it as a legally separate entity from the City.

The Sports Corporation was incorporated on June 10, 1992, under the provisions of the Development Corporation Act of 1979, as amended, Article 5190.6, Texas Revised Civil Statutes Annotated, as amended (“Act”) by Resolution No. 2841 of the Grand Prairie City Council. The purpose of the Sports Corporation is to promote economic development within the City in order to reduce unemployment and underemployment, and to promote and encourage employment and the public welfare of, for, and on behalf of the City by developing, implementing, providing and financing projects authorized under the Act.

The Act provides that the City may levy a one-half cent sales and use tax for the benefit of the Sports Corporation if the tax is authorized by a majority of the qualified voters in an election. On January 18, 1992, a majority of the voters approved a proposition to levy and collect an additional one-half cent sales and use tax for the purpose of constructing a horse racetrack. The one-half cent sales and use tax increase became effective April 1, 1993. The one-half cent sales and use tax may be used to pay the costs of the project or the principal, interest and other costs relating to any bonds or obligations issued to pay the costs of the project or to refund bonds or obligations issued to pay the cost of the project. All bonds were redeemed on September 15, 2007. The sales tax was discontinued on September 30, 2007.

Sales and use tax received from the City prior to issuance of the Sports Corporation’s permanent financing, limited to \$2,750,000, was used to fund capitalized costs.

The activities of the Sports Corporation are similar to those of proprietary funds, and, therefore, are reported as an enterprise fund. The activities of the Sports Corporation are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation of the Sports Corporation are included in a single fund. Transactions are accounted for using the accrual basis of accounting.

Complete September 30, 2007 financial statements for the Sports Corporation may be obtained at its administrative office.

2) Component Unit – Housing Finance Corporation

The Grand Prairie Housing Finance Corporation (HFC) was created to issue tax-exempt revenue bonds to supply mortgage financing for low income home buyers and multi-family development. While the entity is legally, financially and

## CITY OF GRAND PRAIRIE, TEXAS

### NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2007

---

administratively autonomous, the governing body of the City of Grand Prairie may, at its sole discretion, and at any time, amend HFC's Articles of Incorporation, and alter or change its structure, programs or activities, or terminate or dissolve it. Additionally, members of the Board of Directors are appointed by and may be removed by the City Council. The city is not financially obligated for any debt of the HFC. Complete separate December 31, 2006 financial statements for HFC may be obtained from the City.

#### 3) Related Autonomous Entities

Related autonomous entities are those entities whose boards of directors are appointed by the City Council, but over which the City is not financially accountable, and are therefore excluded from the reporting entity. These include:

- Grand Prairie Health Facilities Development Authority – created to issue tax-exempt revenue bonds to finance medical facilities. The Authority's bonds have been defeased, and the Authority only exists to make decisions from time to time regarding the defeased bonds. The City exercises no control over the Authority or its budget.
- Grand Prairie Industrial Development Authority – created to issue tax-exempt industrial revenue bonds to assist in the City's economic development and to evaluate tax abatement applications. The City exercises no control over the Authority's management, budget or operations.

#### c. **Government-wide financial statements and fund financial statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government and its component unit. Activity for the primary government and its component unit are reported separately in the government-wide financial statements. The effect of interfund activity between governmental activities and business-type activities has been eliminated in these statements except that business-type activities include charges for administrative overhead services provided by the governmental activities.

*Governmental activities* are supported in part by property taxes, sales taxes, franchise fees, and grant revenues from the federal government and the State of Texas. Governmental activities are reported separately from *business-type activities*, which rely to a large extent on fees and charges for support. Significant revenues generated from business-type activities include: charges to customers for water and wastewater services, golf course fees, airport user charges, wastewater tap fees and reconnection fees.

The statement of activities reports the change in the City's net assets from October 1, 2006 to September 30, 2007. This statement demonstrates the degree to which the direct expenses of a given function of government are offset by program revenues. Specifically, the City has identified the following functions of government: support services, public

# CITY OF GRAND PRAIRIE, TEXAS

## NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2007

---

safety services, recreation and leisure services, development services, water sales, wastewater services, solid waste services, storm water services, airport operations, and golf course operations. *Direct expenses* are those that are clearly identifiable with a specific function of City government. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues* in the statement of activities.

In addition to the government-wide financial statements, the City also reports separate financial statements for major governmental funds and proprietary funds; these statements are classified as *fund financial statements*. The fund financial statements are organized on the basis of funds, each of which is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenses. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Each fund is accounted for by providing a separate set of self-balancing accounts which constitute its assets, liabilities, fund equity, revenues and expenditures/expenses. Funds are ordered into two distinct categories: governmental and proprietary. Information in the fund financial statements are reported on a major fund basis. The calculation of major funds is conducted by the City each year under the methods outlined in GASB Statement No. 34. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements. The major funds at September 30, 2007, are as follows: general fund, park venue fund, street improvement fund, section 8 fund, a debt service fund, water/wastewater fund, municipal golf course fund, and solid waste fund. Non-major funds are reported in the aggregate as "Other Funds." The various funds are summarized by type in the fund financial statements.

Major governmental funds include the following:

**General Fund:** The General Fund is the primary operating fund of the City. This fund is used to account for all financial resources of the general government, except those required to be accounted for in another fund.

**Park Venue Fund:** This fund accounts for the operation and construction of the City's park system. Approved by the Grand Prairie voters, a one-quarter cent sales and use tax was levied for the benefit of the Park Venue Fund. Transfers of the General Fund in the amount of the base period expenditures and approved increases are made to the Park Venue Fund annually.

**Section 8 Fund:** The fund accounts for grants received from the federal government for providing housing assistance to low income families.

**Street Improvements Fund:** This fund accounts for the costs of street improvements in the City financed through general obligation bond proceeds, and other dedicated sources.

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

**Debt Service Fund:** The City’s Debt Service Fund accounts for the accumulation of financial resources for the payment of principal and interest on the City’s general obligation (property tax supported) debt.

Major enterprise funds include the following:

**Water/Wastewater Fund:** This fund accounts for water and wastewater system services provided for residents of the City, including administration, operations, maintenance, debt service, billing and collection. The City has no treatment facilities for water or wastewater. Treated water is purchased from the Dallas Water Utilities (“DWU”) and Trinity River Authority (“TRA”), and water is pumped from City-owned wells. The City owns the wastewater collection system and all wastewater treatment is provided by the TRA. The contracts with DWU and TRA are discussed elsewhere in the Notes.

**Municipal Golf Course Fund:** accounts for the operations and maintenance of the Prairie Lakes Golf Course and the Tangle Ridge Golf Course. Revenues are generated through fees charged to users. The Prairie Lakes Course land was purchased from Texas Utilities in September 2000. The Tangle Ridge Golf Course, located in South Grand Prairie, opened in October 1995. Revenues are generated through user fees for debt service and operations.

**Solid Waste Fund:** This fund accounts for the operations of the City’s refuse collection and disposal services. Revenues are generated through user charges. Refuse collection services are provided by the City through a private contractor; however, the City owns and operates the sanitary landfill. The City accrues for landfill closure and post closure care costs (see Note 3.b.3).

**d. Measurement Focus and Basis of Accounting**

1) Governmental Funds

The City uses the modified accrual basis of accounting and the flow of current financial resources measurement focus for all governmental funds. Under the modified accrual basis of accounting, revenues are recognized when both “measurable and available.” Measurable means knowing, or being capable of calculating or estimating the amount to be received. Available means collectible within the current period or soon enough thereafter to pay current liabilities (generally 60 days). Also, under the modified accrual basis of accounting, expenditures (including capital outlay) are recorded in the period when the related fund liability is incurred, except for general obligation bond principal and interest which is recorded when due rather than when incurred.

Major revenue sources susceptible to accrual in the governmental funds include:

- Sales taxes are collected by the State and remitted to the City monthly in 60 days arrears. The City recognizes sales taxes revenues when collected from the State.

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

Additional amounts estimated to be collectible in time to be a resource payment of obligations incurred during the fiscal year and therefore susceptible to accrual in accordance with General Accepted Accounting Principles have been recognized as revenue. The City allocates its sales taxes revenues to the General Fund, Street Maintenance Fund, and Park Venue Fund pursuant to City ordinances. The Sports Corporation receives monthly sales taxes revenues from the State separate from the City.

- Franchise fees are remitted regularly by franchise owners for gas, electric, telephone and cable utilities. Franchise fees are also paid by the City's Water and Wastewater Fund, Solid Waste Fund and Storm Water Utility Fund. The fees are not taxes, but compensate the City for the use of public right-of-way by the utilities. Amounts earned but not collected at fiscal year end are recorded as accounts receivable. Amounts earned at fiscal year end and collected within 60 days are recorded as revenue.
- Property taxes are billed and collected by the Dallas County Tax Assessor based on assessed taxable values each January 1 as determined by the Dallas Central Appraisal District using exemptions approved by the City. Taxes are levied and due on the next October 1 and are past due after February 1 of the following year. Tax liens are automatic on January 1 for each year of tax levy. Property tax receivables are recorded on October 1 when taxes are assessed with a reserve estimate for un-collectibles. Property tax revenues are recorded as the taxes are collected. Delinquent tax payments are recognized as revenue when both measurable and available. Additional amounts estimated to be collectible in time to be a resource payment of obligations incurred during the fiscal year and therefore susceptible to accrual in accordance with General Accepted Accounting Principles have been recognized as revenue.
- Intergovernmental grant revenues are recognized when available and the qualifying expenditures have been incurred and all other grant requirements have been met for expenditure-driven grants.
- Interest revenues are recognized as earned as they are measurable and available.
- Interfund services provided and/or used by other funds are reported as "general and administrative revenue/expenses" and represent direct charges/payments for services provided to one or more other funds. Allocations of indirect costs are included in transfers in/out between funds and not reported as revenues or expenditures.

2) Proprietary Funds

The accrual basis of accounting and flow of economic resources measurement focus are used in all proprietary fund types. Under the accrual basis of accounting, revenues are recognized when earned, and expenses (including depreciation) are recorded when the liability is incurred. Private-sector standards of accounting and financial reporting (as issued by the Financial Accounting Standards Board) issued prior to December 1, 1989, generally are followed in both the government-wide and

## CITY OF GRAND PRAIRIE, TEXAS

### NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2007

---

proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the GASB. Governments also have the option of following subsequent private-sector guidance for enterprise funds, subject to the same limitation. The City has elected not to follow subsequent private-sector guidance.

The accounting objectives for proprietary funds are the determination of net income, financial position and cash flows. Proprietary fund equity is segregated into (1) invested in capital assets, net of related debt; (2) restricted net assets, and (3) unrestricted net assets.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds, and the City's internal service funds are charges to customers for water sales, utility charges, and municipal golf course fees. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### **Enterprise Funds**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the City Council is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the City Council has decided that periodic determination of revenues earned, expenses incurred and/or net income (loss), is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The enterprise funds of the City are classified as business-type activities in the government-wide statements of net assets and activities.

#### **Internal Service Funds**

Internal service funds are used to account for the financing of goods or services provided by one department to other departments within the City, on a cost-reimbursement basis. The City has two internal service funds, which include:

- Equipment Services Fund – accounts for a full range of services in managing and maintaining the City's fleet of vehicles and equipment.
- Risk Management Fund - accounts for premiums, deductibles and claims for the City's property, liability and workers compensation and employee health and life insurance programs. The City reports all risk financing activities in the Risk Management Fund.

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

**e. Assets, Liabilities, Fund Balance/Net Assets and Other**

1) Pooled Cash, Investments and Temporary Deposits

The City’s cash, investments and temporary deposits are pooled for investment. Interest earnings are allocated to the City’s funds during the year based upon the City’s adopted budget. For purposes of the statements of cash flows, the City considers cash on hand, demand deposits and investments with original maturities of three months or less to be cash equivalents.

2) Inventories

Inventory is recorded at cost when purchased, with a corresponding reservation of fund balance shown for governmental fund-type inventories, and charged to expenditures when consumed. General Fund supplies and materials inventory are recorded as expenditures on an actual specific cost basis. The Water and Wastewater Fund supplies and materials inventory is charged out on a first-in, first-out basis. Equipment Services Fund, included as “Other Governmental Funds” in the fund financial statements, charges supplies and materials out on a first-in, first-out basis and its gasoline inventory is charged out on a moving average basis. The Municipal Airport Fund, included as “Other Proprietary Funds” charges fuel inventory on a moving average basis.

3) Capital Assets and Depreciation

Capital assets (i.e. land, buildings, equipment, improvements other than buildings, which includes the City’s infrastructure, and construction in progress) of all the funds are stated at historical cost or estimated historical cost if historical cost is not known. Donated capital assets are recorded at their fair value on the date donated. An item is classified as an asset if the initial, individual cost is \$5,000 or greater. Capital assets of the City are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund financial statements. Assets subject to depreciation are depreciated using the straight-line method. The estimated useful lives of all depreciable assets are as follows:

Buildings	20-50 years
Machinery and Equipment	5-15 years
Improvements other than Buildings	20-40 years
Infrastructure	20-40 years

4) Encumbrances

Encumbrance accounting is used for the General Fund, Park Venue Fund, Street Improvement Fund and other governmental funds. Encumbrances are recorded when a purchase order is issued, and encumbrances are not considered expenditures until a liability for payment is incurred. Encumbrances are reported as a reservation of fund

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

balance on the governmental funds' balance sheet, and on October 1, each year are carried forward, along with the prior year's related appropriation, and added to the new year's budget.

In addition to encumbrances, a separate work order system based upon approved contracts is used to manage disbursements for capital projects.

5) Compensated Absences

Employees are granted vacation benefits in varying amounts, depending on tenure with the City. These benefits accumulate pro rata by pay period. The employee's right to use accumulated vacation and to receive an accumulated vacation payment upon termination vests after six months of employment. Fire and police civil service employees and other employees hired prior to 1976 are paid up to 90 days sick leave upon retirement. The valuation of the frozen civil service sick leave is at current pay rates, while the valuation of the frozen noncivil service sick leave was at 1985 wage levels. The valuation of accrued compensated absences includes salary-related payments such as the City's share of taxes and contributions to the retirement plan in accordance with GASB 16. Long-term accrued compensated absences and those related amounts to be paid in the next fiscal year are reported in the respective columns in the government-wide financial statements and in the proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The General Fund is typically used to liquidate the liability for governmental activities' compensated absences. Long-term accrued compensated absences are not expected to be liquidated with expendable available financial resources and are not reported in the governmental fund financial statements.

6) Risk Management

The City administers a self-insured retention program for workers' compensation, general liability, property, law enforcement, and employee health care claims. All such claims are accounted for within the Risk Management Fund, an internal service fund. The City's workers' compensation liability coverage is up to \$200,000 per occurrence subject to an annual aggregate retention of \$850,000 in fiscal year 2006. All liability coverages (i.e. general, automobile, law enforcement, errors and omissions, and aviation) have a \$50,000 self-insured retention and are generally subject to the following limits of liability:

General liability: \$1,000,000/\$2,000,000 each occurrence/annual aggregate

Law enforcement liability: \$3,000,000/\$6,000,000 each occurrence/annual aggregate

Errors & omissions: \$3,000,000/\$6,000,000 each occurrence/annual aggregate

Automobile liability: \$3,000,000 each occurrence

Airport general liability: \$10,000,000/\$10,000,000 each occurrence/annual aggregate

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

The City has its workers' compensation, liability, property, and airport insurance coverages with the Texas Municipal League Intergovernmental Risk Pool (the "TML Risk Pool"), a public entity risk pool currently operating as a common risk management and insurance program for more than 2,000 members. The City pays annual premiums to the TML Risk Pool for such insurance coverage. The TML Risk Pool is self-sustaining through annual member premiums and stop loss reinsurance coverage through various commercial insurers for excess claims.

The City offers group health coverage to its employees and retirees in a managed care plan administered by United Health Care using an escrow account funded by the City with both employee and City contributions. The City allows retired employees to continue participating in its group health insurance program after retirement with a portion of premiums paid by the City. The amount of premiums paid by retirees is based on the length of service with the City at the time of retirement. The City retains risk for up to \$150,000 per covered enrollee per year, and transfers risk in excess of this amount to a reinsurer. Reported claims are charged to expense in the period the loss is incurred.

The City's operating funds are charged premiums for coverage provided by the Risk Management Fund based on approved annual budgets with adjustments based on estimates of the amounts needed to pay prior and current-year claims. These interfund premiums are used to reduce the amount of actual expenditures.

Liabilities of the Risk Management Fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, timing of filed claims, adjudication of claim benefits, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, plan benefit designs, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. The accrued liabilities estimate including the IBNR claims liability estimate for the Risk Management Fund as of September 30, 2007 was \$3,920,507. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years. The changes in the fund's IBNR claims and other minor accrued liability amount in each of the last two fiscal years was:

	<u>Beginning of Fiscal Year Liability</u>	<u>Claims and Change in Estimates</u>	<u>Claim Payments</u>	<u>End of Fiscal Year Liability</u>
2007	\$ 2,698,976	\$ 13,224,710	\$ 12,003,179	\$ 3,920,507
2006	2,768,768	12,521,165	12,590,957	2,698,976

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

7) Depository Contract

The City operates under a depository contract in accordance with State law. All of the City's demand deposit accounts are interest bearing.

8) Deferred Revenue

At fiscal year-end four funds reported deferred revenue. In the general fund and debt service fund, deferred revenue is reported for property tax receivables expected to be collected later than 60-days after the end of the fiscal year. These amounts are \$570,834 and \$237,047, respectively. Because the total amount of \$807,881 represents unavailable revenue, they are included as property tax revenue at the government-wide level. In the Other Special Revenue funds and the Parks Venue special revenue fund, deposits for scheduled rentals and upcoming events are recorded as deferred income until the rental periods or events are completed. These amounts are \$122,162 and \$16,400, respectively. Because the total amount of \$138,562 represents unearned revenue, these amounts are presented at both the fund level and government-wide level. In the Section 8 special revenue fund, deferred revenue is reported for a new program that begins in November 2007. Because the total amount of \$876,918 represents unearned revenue, these amounts are presented at both the fund level and government-wide level.

**f. New Accounting Principles**

The GASB issued Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*, to establish criteria governments should use to determine whether certain transactions should be reported as a sale or a collateralized borrowing. Such transactions are likely to comprise the sale of delinquent taxes, certain mortgages, student loans, or future revenues such as those arising from tobacco settlement agreements. There has been considerable diversity in practice in the manner that such transactions have been reported. The requirements of this Statement are incorporated in this report.

The GASB issued Statement No. 49, which addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. The scope of the document excludes pollution prevention or control obligations with respect to current operations, and future pollution remediation activities that are required upon retirement of an asset, such as landfill closure and postclosure care and nuclear power plant decommissioning. As of September 30, 2007, the City plans to implement the provisions of the Statement in fiscal year 2009.

The GASB issued Statement No. 50, which more closely aligns the financial reporting requirements for pensions with those for other postemployment benefits (OPEB) and, in doing so, enhances information disclosed in notes to financial statements or presented as required supplementary information (RSI) by pension plans and by employers that

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

provide pension benefits. The reporting changes required by this Statement amend applicable note disclosure and RSI requirements of Statements No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and No. 27, Accounting for Pensions by State and Local Governmental Employers, to conform with requirements of Statements No. 43, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, and No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions.

As of September 30, 2007, the City plans to implement the provisions of the Statement in fiscal year 2008.

**2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**a. Budget Law and Practice**

Accounting Standards literature defines three levels of budgetary control which may be employed. These are: (1) appropriated budget, (2) legally authorized nonappropriated budget review and approval process, which is outside the appropriated budget process, and (3) nonbudgeted financial activities, which are not subject to the appropriated budget and the appropriation process or to any legally authorized nonappropriated budget review and approval process, but still are important for sound financial management and oversight.

The City Manager submits annual budgets to the City Council for all budgeted funds in August in accordance with the City Charter. In September, the City Council legally adopted annual fiscal year appropriated budgets for the City's General Fund, Debt Service Fund, Park Venue Fund, Hotel/Motel Tax Fund, Police Seizure Fund, Municipal Court Fund, Cable Operation Fund and Section 8 Fund. The expenditures budgeted in each fund may not exceed the budgeted revenues, including beginning fund balance.

All budgets are prepared on the cash and encumbrances financial flow basis. That is, revenues are budgeted in the year receipt is expected, and expenditures, which include encumbrances, are budgeted in the year that the applicable purchase orders are expected to be issued. The amounts in Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual for the general fund are reported on this basis. Encumbered appropriations are carried forward to the next fiscal year and become part of the new year's appropriations, while unencumbered appropriations lapse at fiscal year-end. Appropriations for certain nonbudgeted special revenue funds and capital projects funds are controlled on a project basis and are carried forward each year until the project is completed or the grant receipts are expended.

Encumbrances and the related appropriations outstanding at the end of a year are carried forward into the next year, and these carried-forward appropriations then become part of the new year's appropriations. This is because it is not possible to distinguish between current and prior year's appropriations in the City's computer system. Therefore, both

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

expenditures related to prior year encumbrances and encumbrances outstanding at the end of the current year are called expenditures for budgetary reporting purposes.

The City's capital projects are planned in an annually updated five-year capital budget which encompasses all capital resources.

**b. Budgetary Control**

Appropriations are approved by the City Council by fund for all budgeted funds. All appropriation amendments are subject to final approval by the City Council.

For day-to-day management purposes, line item budgets are prepared. Revenues are budgeted by type and source. Expenditures are budgeted by function, by organization level, i.e., department, division and program, and by detailed type or character code, i.e., personal services, maintenance and operation, capital outlay, debt service and transfers. Appropriations are budgeted at the fund level. If budget amendments (increase in appropriations) are necessary they must be approved by the City Council. Budget adjustments (transfers between line items within the fund) are allowed as long as the adjustments do not exceed the total budgeted appropriations for the fund.

The differences between the City's budget-basis and GAAP-basis actual revenues and expenditures are due to accruals recorded in GAAP-basis, while encumbrances are reported in the budget-basis, and differences in classification.

**c. Budget Amendments**

During the fiscal year it was necessary to amend the original budget by City Council action. The original budget and amended budget are presented in the Schedules of Revenue, Expenditures, and Changes in Fund Balance – Budget to Actual Comparison for the General, Park Venue, and Section 8 Funds. The council made several budgetary appropriations throughout the year. Significant budgetary appropriations made in the general fund include: \$1,778,622 in public safety for increases in personnel costs, utilities and motor fuel; and, \$366,217 in development services for street lights.

**d. Deficit Fund Equity**

As of September 30, 2007 the City had no funds with deficit fund equities.

**3. DETAILED NOTES ON ALL FUNDS**

**a. Assets**

1) Deposits, Investments and Investment Policies

The City invests in United States Treasury notes and United States Agency Securities. These investments are recorded at fair value, which is defined as the amount at which a willing buyer and seller would exchange the security.

## CITY OF GRAND PRAIRIE, TEXAS

### NOTES TO BASIC FINANCIAL STATEMENTS SEPTEMBER 30, 2007

---

The City Council has adopted Investment Policies (“Policies”) which are in accordance with the laws of the State of Texas, where applicable. The Policies identify authorized investments and investment terms, collateral requirements, safekeeping requirements for collateral and investments and certain investment practices. Authorized investments include obligations of the United States or its agencies and instrumentalities (except for mortgage pass-through securities), repurchase agreements, municipal securities, public funds investment pools, SEC regulated money market mutual funds and collateralized or insured certificates of deposit.

The investment policies require that repurchase agreements be made pursuant to a master agreement, the collateral is a U. S. Treasury bill, note or bond; the security is held in safekeeping by the City’s custodial agent; and the investment is transacted “delivery vs. payment” so that the City’s interest in the underlying security is perfected. The City does not invest in reverse repurchase agreements. No City monies were invested in repurchase agreements at September 30, 2007.

The City’s investments are stated at fair value, using the following methods and assumptions as of September 30, 2007:

- 1) Fair value is based on quoted market prices as of the valuation date;
- 2) The portfolio did not hold investments in any of the following:
  - (a) Items required to be reported at amortized cost, except investments in TexPool (see below),
  - (b) Items in external pools that are not SEC-registered,
  - (c) Items subject to involuntary participation in an external pool.
  - (d) Items associated with a fund other than the fund to which the income is assigned;
- 3) Any unrealized gain/loss resulting from the valuation is recognized in respective funds that participates in the City’s investment pool;
- 4) The gain/loss resulting from valuation is reported within the revenue account “investment income” on the Statement of Revenues, Expenditures and Changes in Fund Balances for the Governmental Funds, and the Statement of Revenues, Expenses and Changes in Net Assets for the Proprietary Funds.

The City invested \$21,996,728 in TexPool as of September 30, 2007. The Texas State of Comptroller of Public Accounts exercises oversight responsibility over TexPool, the Texas Local Government Investment Pool. Oversight includes the ability to significantly influence operations, designation of management and accountability for fiscal matters. Additionally, the State Comptroller has established an advisory board composed of both Participants in TexPool and other persons who

**CITY OF GRAND PRAIRIE, TEXAS**

**NOTES TO BASIC FINANCIAL STATEMENTS  
SEPTEMBER 30, 2007**

---

do not have a business relationship with TexPool. The Advisory Board members review the investment policy and management fee structure. Finally, TexPool is rated AAA by Standard & Poors. As a requirement to maintain the rating weekly portfolio, information must be submitted to Standard & Poors, as well as the office of the Comptroller of Public Accounts for review.

TexPool operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than market value to report net assets to compute share prices. Accordingly, the fair value of the position in TexPool is the same as the value of TexPool shares.

The City's policy is to hold investments until maturity or until market values equal or exceed cost.

*Interest rate risk.* In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting the weighted average maturity of its investments portfolio to less than twelve months.

*Credit risk.* State law limits investments in commercial paper if the commercial paper is rated not less than A-1 or P-1 or an equivalent rating by at least two nationally recognized credit rating agencies or one nationally recognized credit rating agency and is fully secured by an irrevocable letter of credit issued by a bank organized and existing under the laws of the United States or any state. The City's policy does not allow investments in commercial paper.

*Concentration of credit risk.* Investments shall be diversified to reduce the risk of loss resulting from over-concentration of investments in a specific maturity, a specific issue, or a specific class of securities.

The asset mix of the City's portfolio is expressed in terms of maximum commitment so as to allow flexibility to take advantage of market conditions. The asset mix requirements are as follows:

	<u>% Maximum</u>
1. U.S. Treasury Bills and Notes	100
2. U.S. Agency or Instrumentality Obligations (each type)	20 (a)
3. Repurchase Agreements	20
4. Municipal Securities (total)	40
5. Municipal Securities (out-of-state)	20
6. Certificates of Deposit (per institution)	20
7. Money Market Mutual Fund	20 (b)
8. Public Funds Investment Pool	20

- (a) Total agency investments limited to no more than 70% of the total portfolio.
- \*(b) State law allows up to 80% of monthly average fund balance, excluding bond proceeds. The City limits its exposure to 20% to reduce risk.

In addition, the City may invest in callable securities but shall limit the total amount to no more than 25% of the portfolio.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

The City's carrying amount of cash, cash equivalents and investments as of September 30, 2007 as reflected in the primary government's financial statements, are:

	Unrestricted	Restricted	Total
Cash	\$ 5,736,616	\$ 226,000	\$ 5,962,616
Pooled investments:			
Cash equivalents	8,487,670	22,615,247	31,102,917
Investments	67,508,624	82,580,594	150,089,218
Total pooled investments	<u>75,996,294</u>	<u>105,195,841</u>	<u>181,192,135</u>
Total	<u>\$ 81,732,910</u>	<u>\$ 105,421,841</u>	<u>\$ 187,154,751</u>

At year-end, the bank balance of the City's unrestricted cash was \$811,233. Of the bank balance, \$200,000 was covered by federal depository insurance and \$611,233 was covered by collateral held by the City's agent in the City's name. Statutes require collateral pledged for deposits to be held in the City's name by the trust department of a bank.

The City's cash equivalents of \$31,102,917 were also covered by collateral held by the City's agent in the City's name.

As of September 30, 2007, the City had the following investments:

	Fair Value	Weighted Average Maturity (Days)	Credit Risk
Federal Farm Credit Bank	\$ 26,045,938	439	AAA
Federal Home Loan Bank	33,065,000	505	AAA
Freddie Mac	25,048,918	575	AAA
Federal National Mortgage Assoc.	22,924,062	490	AAA
U. S. Treasury Notes	42,953,983	261	
TexPool	21,996,728	1	AAAm
Money market funds	9,157,506	1	AAAm
Total	<u>\$ 181,192,135</u>	<u>325</u>	

Portfolio weighted average maturity

Maturities of the City's investments at September 30, 2007 were as follows:

Cash equivalents	\$ 31,154,234
Under 30 days	1,998,750
30 days to 60 days	5,980,290
61 days to 90 days	5,995,545
91 days to 1 year	55,867,725
After 1 year	<u>80,195,591</u>
Total	<u>\$ 181,192,135</u>

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

The City did not invest in any securities different from the categories mentioned above during the 2006-2007 fiscal year.

At September 30, 2007, the carrying amount of the Sports Corporation's deposits included in cash and cash equivalents was \$70,909 while the bank balance of the Sports Corporation's deposits was \$71,059. The bank balance was entirely covered by Federal depository insurance or collateral held by the Sports Corporation's agent in the Sports Corporation's name.

The Sports Corporation is authorized to invest in obligations of the U. S. or its agencies and instrumentalities, certain repurchase agreements, municipal securities with a rating of at least A, collateralized or insured certificates of deposit, and SEC-registered, no-load money market mutual funds comprised of securities allowed under the Public Funds Investments Act and public funds investment pools. At year-end, all investments of the Sports Corporation were held by the Sports Corporation's agent in the Sports Corporation's name. The fair value of investments owned at September 30, 2007 was \$10,518,046 in money market funds. These amounts are not categorized in accordance with GASB Statement No. 3 because they are not evidenced by securities that exist in physical or book entry form.

The bank balance of HFC at December 31, 2006, including restricted cash, totaled \$387,965 all of which was covered by FDIC insurance and collateral held by the depository institution in HFC's name. Restricted cash of \$56,968 represents cash held on deposit by HFC for insurance proceeds received for damages to federally funded assets. The liability is recorded until final disposition of the proceeds is requested by HUD. The remaining restricted cash amount comprises tenant security deposits.

2) Capital Assets

Capital assets balances and transactions for the year ended September 30, 2007 are summarized below for governmental activities:

	Balance October 1, 2006	Additions/ Completions	Disposals/ Reclasses	Balance September 30, 2007

**b. Liabilities**

1) Retirement Plan

Plan Description - The City provides pension benefits for all of its full-time employees through a non-traditional, joint contributory, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), one of 811 administered by TMRS, an agent multiple-employer public employee retirement system.

Benefits depend upon the sum of the employee's contributions to the plan, with interest, and the City-financed monetary credits, with interest. At the date the plan began, the City granted monetary credits for service rendered before the plan began of a theoretical amount equal to two times what would have been contributed by the employee, with interest, prior to establishment of the plan. Monetary credits for service since the plan began are a percent (100%, 150% or 200%) of the employee's accumulated contributions. In addition, the City can grant, as often as annually, another type of monetary credit referred to as an updated service credit (a theoretical amount) which, when added to the employee's accumulated contributions and the monetary credits for service since the plan began, would be the total monetary credits and employee contributions accumulated with interest if the current employee contribution rate and City matching percent had always been in existence and if the employee's salary had always been the average of his salary in the last three years that are one year before the effective date. At retirement, the benefit is with interest and the employer-financed monetary credits with interest were used to purchase an annuity.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS and within the actuarial constraints also in the statutes.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

Plan provisions for the City were as follows (as of 4/19/07\*):

Deposit rate	7%
Matching ratio (city/employee)	2 to 1
A member is vested after	5 years

Members can retire at certain ages, based on their years of service with the City. The Service Retirement Eligibilities for the city are: 5 years of service/age 60, 25 years of service any age.

Contributions - Under the state law governing TMRS, the actuary annually determines the City contribution rate. This rate consists of the normal cost contribution rate and the prior service contribution rate, both of which are calculated to be a level percent of payroll from year to year. The normal cost contribution rate finances the currently accruing monetary credits due to the City matching percent, which are the obligation of the City as of an employee's retirement date, not at the time the employee's contributions are made. The normal cost contribution rate is the actuarially determined percent of payroll necessary to satisfy the obligation of the City to each employee at the time his/her retirement becomes effective. The prior service contribution rate amortizes the unfunded (overfunded) actuarial liability (asset) over the remainder of the plan's 25-year amortization period. The unit credit actuarial cost method is used for determining the City contribution rate. Both the employees and the City make contributions monthly.

Since the City needs to know its contribution rate in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect (i.e., December 31, 2006 valuation is effective for rates beginning January 2008).

Actuarial Valuation Date	December 31, 2006	December 31, 2005	December 31, 2004
Actuarial Value of Assets	\$ 167,101,197	\$ 157,030,678	\$ 152,470,087
Actuarial Accrued Liability	208,328,802	194,053,949	187,718,712
Percentage Funded	80.2%	80.9%	81.2%
Unfunded (over-funded) Actuarial Accrued Liability (UAAL)	\$ 41,227,605	\$ 37,023,271	\$ 35,248,625
Annual Covered Payroll	56,817,617	53,849,572	52,997,624
UAAL as a Percentage of Covered Payroll	72.6%	68.8%	66.5%
Net Pension Obligation (NPO) at the Beginning of Period	\$ -	\$ -	\$ -
Annual Pension Cost:			
Annual Required Contribution (ARC)	\$ 7,577,405	\$ 7,715,790	\$ 7,222,849
Contribution Made	7,577,405	7,715,790	7,222,849
NPO at the End of the Period	\$ -	\$ -	\$ -

(\* To ensure the most accurate future rates are determined for the City, TMRS provided plan provisions as of 5/04/07 to the actuary in calculating the 12/31/06 valuation.)

**CITY OF GRAND PRAIRIE**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

Actuarial Assumptions - The City also uses the following assumptions

Actuarial Valuation Date	December 31, 2006	December 31, 2005	December 31, 2004
Actuarial Cost Method	Unit Credit	Unit Credit	Unit Credit
Amortization Method	Level of Percent of Payroll	Level of Percent of Payroll	Level of Percent of Payroll
Remaining Amortization Period	25 Years/Open	25 Years/Open	25 Years/Open
Asset Valuation Method	Amortized Cost	Amortized Cost	Amortized Cost
Investment Rate of Return	7%	7%	7%
Projected Salary Increases	None	None	None
Includes Inflation At	3.5%	3.5%	3.5%
Cost-of-Living Adjustments	None	None	None

The City of Grand Prairie is one of 811 municipalities having their benefit plan administered by TMRS. Each of the 811 municipalities have an annual actuarial valuation performed. All assumptions for the 12/31/06 valuations are contained in the 2006 TMRS Comprehensive Annual Financial Report, a copy of which may be obtained by writing to P.O. Box 149153, Austin, Texas 78714-9153.

2) Long-Term Debt

Below is a summary of the changes in long-term debt of the City's primary government and component unit:

	Balance October 1, 2006	Borrowings or Increase	Payments or Decrease	Balance September 30, 2007	Due Within One Year

**CITY OF GRAND PRAIRIE**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

In 2004, the City renewed its \$7.5 million lines of credit; \$5 million general obligation line of credit and \$2.5 water and wastewater system line of credit with Bank of America, Texas for a three-year term. As of September 30, 2007, there were no outstanding draws on the line of credits

a) Governmental Activities Long-Term Debt

Long-term debt in the governmental type activities column of the government-wide financial statements consists of general obligation bonds, including refundings, sales tax revenue bonds, certificates of obligation bonds, a line of credit, and accrued compensated absence. The certificates of obligation bonds includes bonds issued in 2007 for Tax Increment Financing Zones No. 1,2 and 3 projects.

(i) General Obligation Debt

In September 2006 the City issued \$4,000,000 in General Obligation Bonds Series 2006A. The proceeds of the bonds were used to provide \$4,000,000 of capital funds, and to pay the cost of issuance.

In September 2006 the City issued \$11,947,500 in Certificates of Obligation Bonds Series 2006A. The proceeds of the bonds were used to provide capital funds for governmental activities improvements and to pay the cost of issuance.

In September 2006 the City issued \$5,512,500 in Certificates of Certificates of Obligation Bonds Series 2006A. The proceeds were used for Tax Increment Financing Zones No. 1,2 and 3 projects.

At September 30, 2007, general obligation bonds authorized and unissued amounted to \$39,198,000. When issued, the proceeds will be allocated to various specified improvements.

(ii) Sales Tax Debt

Sales Tax Revenue Bonds were issued in prior years to finance improvements to the City's municipal parks and recreation system. The bonds are secured by a ¼ cent sales tax approved by the voters in November 1999 and effective in April 2000.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

Governmental type long-term debt is summarized as follows:

	Interest Rate %	Year of Issue	Year of Maturity	Original Amount	Amount Outstanding
General obligation bonds:

(i) Water and Wastewater System Debt

In September 2006 the City issued \$6,625,000 in Water Wastewater System Revenue Bonds, Series 2006A. The proceeds of the bonds were used to provide \$6,625,000 of capital funds, and to pay the cost of issuance.

Water and wastewater system long-term debt consists of general obligation refunding bonds, and revenue bonds, which are all being repaid with water and wastewater system revenues.

Although not required by state laws, City Council in the past has chosen to have the electorate vote to authorize revenue bond issuance. During the fiscal year ended September 30, 2005, the City issued the remaining authorized water and wastewater system revenue bonds. At this time the city plans to issue non voted authorized revenue bonds in the future.

The following covenants are included in each of the various water and wastewater system revenue bond indenture ordinances:

- Net revenues (defined as gross revenues less expenses of operation and maintenance) are pledged for the payment of bond principal and interest.
- Additional water and wastewater system revenue bonds cannot be issued unless the “net earnings” (defined as gross revenues after deducting the expenses of operation and maintenance, excluding depreciation and certain other items specified in the ordinances) of the system for 12 consecutive months out of the 15 months prior to the date of such bonds is equal to at least 1.25 times the average annual requirements for the payment of principal and interest on the then outstanding bonds and any additional bonds then proposed to be issued.
- All revenues derived from the operations must be kept separate from other funds of the City.
- The amount required to meet interest and principal payments falling due on or before the next maturity dates of the bonds is to be paid into the water and wastewater system interest and redemption account during each year.

At September 30, 2007, the City was in compliance with these covenants.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

Debt service to maturity on the City's outstanding water and wastewater system bond debt is summarized as follows:

Water and Wastewater System Debt Service Coverage

According to the terms of the ordinance which authorized the sale of Water and Wastewater Revenue Bonds, the Water and Wastewater system will produce net revenues each year in an amount reasonably estimated to be not less than 1.25 times the average annual principal and interest requirements of the outstanding bonds. At September 30, 2007, compliance with this requirement can be demonstrated as follows:

Revenue <sup>(1)</sup>	<u>\$ 46,946,426</u>
Operating expense (excluding depreciation)	
Water purchased	9,218,766
Sewage disposal contract	7,524,675
Other	<u>12,572,808</u>
Total expense <sup>(2)</sup>	<u>29,316,249</u>
Available for debt service	<u><u>\$ 17,630,177</u></u>
Average annual principal and interest requirements, all water and wastewater revenue bonds at September 30, 2007	<u><u>\$ 3,622,420</u></u>
Coverage of average annual requirements based on September 30, 2007 revenue available for debt service	<u>4.87</u>

(1) Includes operating revenues plus investment income and impact fees

(2) Excludes depreciation expense

The City's Debt Management Policies prescribe that the coverage ratio is at 1.50 for all outstanding debt. Total debt service on a cash basis in 2007 was \$4,900,054 for a coverage of 3.94.

(ii) Municipal Golf Course Long-Term Debt

Municipal Golf Course Long-Term Debt consists of general obligation refunding bonds issued in 2004, certificates of obligation bonds issued in 1993, 1998 and 2004 used to finance the construction of the Tangle Ridge Golf Course, improvements to other municipal golf courses and accrued compensated absences. The long-term debt are currently being repaid from the General Fund and the Debt Service Fund.

(iii) Solid Waste Long-Term Debt

Solid Waste Fund debt consists of general obligation refunding bonds issued in 1992 and 1999 and accrued compensated absences. Although the bonds carry a tax pledge, they were repaid solely from solid waste revenue. The remaining outstanding bonds were defeased on December 12, 2006.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

(iv) Municipal Airport Long-Term Debt

Municipal Airport Fund long term debt consists 1998 general obligation refunding bonds, 2004 Certificates of Obligations and accrued compensated absences. The long-term debt is being repaid solely from airport revenues.

Debt service to maturity on outstanding bonds is summarized as follows:

General Obligation Bonds:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2008	\$ 50,000	\$ 12,955	\$ 62,955
2009	55,000	10,705	65,705
2010	50,000	8,175	58,175
2011	55,000	5,825	60,825
2012	65,000	3,185	68,185
Total	<u>\$ 275,000</u>	<u>\$ 40,845</u>	<u>\$ 315,845</u>

Certificate of Obligation Bonds:

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2008	\$ 45,000	\$ 92,973	\$ 137,973
2009	40,000	91,648	131,648
2010	50,000	90,123	140,123
2011	50,000	88,248	138,248
2012	45,000	86,291	131,291
2013	115,000	83,035	198,035
2014	120,000	78,260	198,260
2015	125,000	72,972	197,972
2016	130,000	67,072	197,072
2017	140,000	60,660	200,660
2018	145,000	53,891	198,891
2019	150,000	46,978	196,978
2020	160,000	39,710	199,710
2021	170,000	31,830	201,830
2022	175,000	23,375	198,375
2023	185,000	14,375	199,375
2024	195,000	4,875	199,875
Total	<u>\$ 2,040,000</u>	<u>\$ 1,026,316</u>	<u>\$ 3,066,316</u>

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

c) Grand Prairie Sports Facility Development Corporation Long-Term Debt

The Sports Corporation debt originally consisted of \$40.9 million Sales Tax Revenue Bonds, Series 1995 and \$14.1 million Subordinated Lien Sales Tax Revenue Notes, Series 1995A. The proceeds from the sale of the bonds and notes were used for the construction of the Lone Star Park at Grand Prairie horse track facility. In March 1999, the 1995 and 1995A Bonds and Notes were refunded with \$38.4 million Sales Tax Taxable Refunding Bonds, Series 1999A and \$15.3 million Sales Tax Exempt Refunding Bonds, Series 1999B. In September 2003 a portion of the 1999A and all of the 1999B were refunded with the \$15.92 million 2003A Sales Tax Taxable Refunding Bonds and \$10.04 million Series 2003B Sales Tax Exempt Refunding Bonds.

The changes in the Sports Corporation long-term debt is summarized as follows:

	Balance October 1, 2006	Borrowings or Increase	Payments or Decrease	Balance September 30, 2007
Sales Tax Taxable Refunding Bonds				
Series 1999A	\$ 1,340,000	\$ -	\$ (1,340,000)	\$ -
Sales Tax Taxable Refunding Bonds				
Series 2003A	5,875,000	-	(5,875,000)	-
Deferred loss on refunding	(48,123)	-	48,123	-
Total	<u>\$ 7,166,877</u>	<u>\$ -</u>	<u>\$ (7,166,877)</u>	<u>\$ -</u>

During 2007, in addition to the scheduled principal payments of \$3,500,000, the Corporation paid an additional \$3,715,000 in principal payments to reduce the total outstanding principal. In addition \$48,123 deferred loss on refunding was amortized during the year.

As of September 30, 2007, there is no principal outstanding on any defeased sales tax bonds.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

d) Grand Prairie Housing Finance Corporation Long-Term Debt

The HFC has a general obligation note payable to a bank which was used to construct the Cotton Creek and Willow Tree Learning Center. The note bears a rate of 7% and is payable in equal monthly installments of \$19,380 through July 1, 2027.

In December, 2003, the HFC issued Independent Senior Living Center Revenue Bonds for \$13,890,000 to finance the construction and operations of its planned Senior Living Center facility. The bonds bear interest rates from 7.5% to 7.75% and are payable semi-annually with interest only through July 1, 2006. The bonds are nonrecourse liabilities collateralized solely by the land and construction in progress, less the accrued interest.

A summary of long-term debt activity during the fiscal year ended December 31, 2006 follows:

	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
Note payable	\$ 2,582,825	\$ -	\$ (53,493)	\$ 2,529,332	\$ 57,360
Revenue bonds	13,890,000	-	-	13,890,000	160,000
Developer loan	552,123	275,000	-	827,123	-
Total	<u>\$ 17,024,948</u>	<u>\$ 275,000</u>	<u>\$ (53,493)</u>	<u>\$ 17,246,455</u>	<u>\$ 217,360</u>

Future maturities of the debt are as follows:

Fiscal Year Ending December 31	Note Payable		Revenue Bonds	
	Principal	Interest	Principal	Interest
2007	\$ 57,360	\$ 175,200	\$ 160,000	\$ 1,059,975
2008	61,004	171,556	170,000	1,047,413
2009	65,916	166,644	185,000	1,033,912
2010	70,681	161,879	195,000	1,019,475
2011	75,780	156,780	215,000	1,011,788
2012-2016	469,435	693,365	1,330,000	4,426,458
2017-2021	665,483	497,317	1,940,000	4,189,967
2022-2026	943,406	219,394	2,825,000	3,299,369
2027-2031	120,267	4,836	4,140,000	1,990,587
2031-2034	-	-	2,730,000	179,365
Total	<u>\$ 2,529,332</u>	<u>\$ 2,246,971</u>	<u>\$ 13,890,000</u>	<u>\$ 19,258,309</u>

Conduit Debt – Mortgage Revenue Bonds

The HFC issues Single Family and Multi-Family Mortgage Revenue Bonds. The proceeds of the bonds are placed in trust to be used for the origination of qualifying single- or multi-family mortgages or to refund, at any time, bonds previously issued by HFC. The bonds are to be paid only from the funds placed in trust, and these funds can be used only for purposes specified in the bond indenture. HFC is liable to the bondholders only to the extent of the related revenues and assets pledged under the indenture. Therefore, these transactions are accounted for as conduit debt, and the principal amount of the bonds outstanding and assets held by the trustee are not reflected on the face of the financial statements.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

At December 31, 2006, outstanding conduit debt was as follows:

<u>Bond Series</u>	<u>Original Issue Amount</u>	<u>Outstanding Amount</u>
1993 Multi-Family Mortgage Revenue Refunding Bonds (Windridge Grand Prairie Associated, Ltd.)	\$ 9,000,000	\$ 9,000,000
1993 Multi-Family Mortgage Revenue Refunding Bonds (Lincoln Property Company No. 2188)	13,500,000	13,500,000
1995A Multi-Family Mortgage Revenue Bonds (Windsor Housing Foundation)	5,415,000	4,555,000
1995B Multi-Family Mortgage Revenue Bonds (Windsor Housing Foundation)	374,000	322,000
1997 Single-Family Mortgage Revenue Bonds	365,500	157,174
1998A Single-Family Mortgage Revenue & Refunding Bonds	17,419,000	1,808,463
1998B-1 Single-Family Mortgage Revenue Refunding Bonds	6,365,000	458,132
1998B-2 Single-Family Mortgage Revenue Bonds	1,575,000	113,365
2000A Multi-Family Mortgage Revenue Bonds (Landings of Carrier Parkway)	15,235,000	15,145,000
2001 Single-Family Mortgage Revenue Bonds	14,160,000	2,693,019
2004A Single-Family Mortgage Revenue & Refunding Bonds	7,837,500	6,101,372
	Total	<u>\$ 53,853,525</u>

3) Closure and Post Closure Liability

State and federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfills stop accepting waste, the City reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The City follows the provisions of GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post closure Care Costs*. Accordingly, the City has recorded a closure and post closure care liability of \$4,596,339 in the Solid Waste Fund. The total liability represents the cumulative amount reported to date based on the use of 48.02% of the estimated capacity of the landfill.

The City will recognize the remaining estimated cost of closure and post closure care of \$4,975,084 as the remaining estimated capacity is filled. The City expects to close the landfill in year 2018. Actual cost may be higher or lower due to inflation, changes in technology or changes in regulations.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

**c. Fund Equity and Net Assets**

1) Reserved Fund Balance

Reservations of fund equity show amounts that are not available for expenditure or are legally restricted for specific uses. The purpose for each reserve is indicated by the account title on the face of the balance sheet for the governmental fund financial statements.

2) Designated Fund Balance

Designations of fund equity are used to show the amounts within unreserved fund balance for government funds which are intended to be used for specific purposes and reflect tentative managerial plans, but are not legally restricted.

3) Net Assets: Invested in capital assets, net of related deb

This component of net assets is reported in the proprietary fund financial statements and in the government-wide financial statements and represents the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unspent proceeds, that is directly attributable to the acquisition, construction or improvement of these capital assets.

4) Net Assets: Restricted for Debt Service

This component of net assets is reported in the proprietary fund financial statements and in the government-wide financial statements and represents the difference between assets and liabilities of the debt service funds that consists of assets with constraints placed on their use by the bond covenants.

5) Net Assets: Unrestricted

This component of net assets is reported in the proprietary fund financial statements and in the government-wide financial statements and represents the difference between assets and liabilities that is not reported in Net Assets Invested in Capital Assets, Net of Related Debt or Net Assets restricted for specific purposes.

**d. Interfund Transactions**

Outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

**1) Interfund Transfers:**

The following is a summary of interfund transfers which were made for normal operations of the city

	Transfers in					Nonmajor Governmental Funds
	General Fund	Park Venue	Section 8	Street Improvements	Debt Service	
<u>Transfers out:</u>						
General fund	\$ -	\$ 7,273,237	\$ 34,724	\$ -	\$ -	\$ 2,645,378
Park venue	59,664	-	-	-	-	132,535
Section 8	116,910	-	-	-	50,000	-
Street improvements	-	-	-	-	-	365,000
Debt service	-	514,225	-	-	-	162,124
Nonmajor						
governmental funds	1,200,246	131,716	-	4,689,450	37,062	7,899,162
Internal service funds	64,807	-	-	-	-	-
Water/wastewater	294,642	-	-	-	-	1,142,228
Solid waste	102,454	-	-	-	-	608,871
Nonmajor						
enterprise funds	27,893	-	-	-	-	1,750,000
Total	<u>\$ 1,866,616</u>	<u>\$ 7,919,178</u>	<u>\$ 34,724</u>	<u>\$ 4,689,450</u>	<u>\$ 87,062</u>	<u>\$ 14,705,298</u>

	Transfers in					Total
	Internal Service Funds	Water Wastewater	Municipal Golf	Solid Waste	Municipal Airport	
<u>Transfers out:</u>						
General fund	\$ 1,200,000	\$ 57,734	\$ -	\$ 11,369	\$ 24,000	\$ 11,246,442
Park venue	-	-	-	-	-	192,199
Section 8	-	-	-	-	-	166,910
Street improvements	-	-	-	-	-	365,000
Debt service	-	-	647,444	-	-	1,323,793
Nonmajor						
governmental funds	25,718	728,881	381	-	30,000	14,742,616
Internal service funds	-	-	-	-	-	64,807
Water/wastewater	-	-	-	-	-	1,436,870
Solid waste	-	-	-	-	-	711,325
Nonmajor						
enterprise funds	-	-	-	-	-	1,777,893
Total	<u>\$ 1,225,718</u>	<u>\$ 786,615</u>	<u>\$ 647,825</u>	<u>\$ 11,369</u>	<u>\$ 54,000</u>	<u>\$ 32,027,855</u>

Transfers are used to 1) move revenues from the fund with collection authorization to the debt service fund as debt service principal and interest payments become due, 2) move restricted amounts from borrowings to the debt service fund to establish mandatory reserve accounts, 3) move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

**3) Cost Reimbursements**

The cost of the City’s central general and administrative services is allocated to the designated special revenue and enterprise funds. These costs are reported as interfund services provided and used rather than interfund transactions, and are treated as revenue in the General Fund and expense in the other funds. Interfund services provided and used are “arms-length” transactions between departments or funds that would be treated as revenues, expenditures or expenses if they were with an external organization. The distinguishing aspects of interfund services provided and used are that each department or fund both gives and receives consideration.

Significant cost reimbursements made during the year were as follows:

Fund	Amount
Water and Wastewater Funds	\$ 2,144,090
Solid Waste Funds	171,305
Section 8 Housing Grant Fund	124,409
CDBG Funds	35,521
Storm Water Funds	27,211
Grant Fund	1,545
Total to General Fund	\$ 2,504,081

**4) Franchise Fees**

The City’s enterprises which use the public right-of-way funds pay franchise fees to the General Fund as if they were organizations separate from the City. These fees are not taxes, but are compensation to the City for the use of the City’s water lines, sewer lines, etc. These payments, 4% of gross revenues, are reported as interfund services provided and used rather than interfund transactions, and are treated as revenue (reported as franchise fees) in the General Fund and expense in the enterprise funds. Such fees paid during the year were:

Fund	Amount
Water and Wastewater Fund	\$ 1,411,067
Solid Waste Fund	503,399
Storm Water Fund	107,660
Total	\$ 2,022,126

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

**5) Payments in Lieu of Property Taxes**

Two of the City’s enterprise funds, the Water and Wastewater Fund and Solid Waste Fund, make payments in lieu of property taxes to the Street Maintenance Fund, which is included in “Other Governmental Funds”, to provide funding for street repairs. The payments are calculated by applying the City’s property tax rate to the net book value of the enterprise funds’ fixed assets. Since the calculation methodology is not the same as that applied to similar activities in the private sector in several respects, the payments are recorded as transfers out rather than as an operating expense. Payments made during year were as follows:

<u>Fund</u>	<u>Amount</u>
Water and Wastewater Fund	\$ 956,147
Solid Waste Fund	<u>72,790</u>
Total	<u><u>\$ 1,028,937</u></u>

**e. Leases**

On September 15, 1995, the Sports Corporation and LSJC entered into a lease agreement. On October 23, 2002, Lone Star, LSJC, and MEC Lone Star, L.P. (“MEC”) entered into an asset purchase agreement whereby MEC agreed to purchase substantially all of the racing assets of Lone Star and LSJC. The Master Agreement between the Sports Corporation, Lone Star, and LSJC was terminated. Lone Star and LSJC assigned to MEC all of their rights and obligations under the lease and certain ancillary agreements with the Sports Corporation. The agreement states that upon completion of the project, MEC will lease the facility for a period of 30 years. The lease became effective April 1997 and meets the requirements for accounting as a direct financing lease. The future base rent payments under the lease are as follows:

<u>Year</u>	<u>Amount</u>
2008	\$ 1,452,000
2009	1,452,000
2010	1,452,000
2011	1,452,000
Thereafter	<u>27,505,284</u>
	33,313,284
Less interest	<u>(17,134,453)</u>
Net present value	<u><u>\$ 16,178,831</u></u>

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

Additional contingent rentals are due monthly based upon 1% of gross revenues from the operation of the track for each month plus an amount equal to the cumulative net retainage from the live races and the simulcast races multiplied by the following percentage:

<u>Cumulative Net Retainages</u>	<u>Percentage</u>
\$0 to less than \$20 million	1%
\$20 million to less than \$40 million	3%
\$40 million to less than \$60 million	5%
\$60 million or more	7%

The lease has been accounted for as a capital lease. However, only the base rent payments are determinable and are included in the lease payments receivable at the net present value of future rent payments. The remaining portion of the of the Facility is recorded as estimated unguaranteed residual value of the lease. Its fair value is estimated to be approximately equal to the differences between the original cost plus capitalized improvements of the Facility, net of what accumulated depreciation would be, and the fixed lease payments receivable. Therefore, this amount is being amortized over the life of the lease (30 years). Amortization for the year ended September 30, 2007 was \$3,236,131. Additional contingent rentals are recorded as revenue when received. During the year ended September 30, 2007, the Corporation incurred additional costs for improvements to the leased facilities of \$233,625 and received contribution revenue of \$233,625, for a total addition to the cost of the facility of \$467,250. This amount increased the unguaranteed residual value of the lease.

Management believes that there have not been events which impaired the residual value of the lease.

The capital lease is being amortized using the interest method over the 30-year life of the lease. The Corporation has recorded lease rental and interest for the year ended September 30, as follows:

	<u>2007</u>
Nominal interest on the lease	\$ 1,421,400
Amortization of the lease	<u>(134,553)</u>
Net interest	1,286,847
Contingent rentals received (includes rent for simulcast facility prior to completion of project)	<u>396,731</u>
Total lease rental and interest	<u><u>\$ 1,683,578</u></u>

**4. CONTRACTS, COMMITMENTS AND CONTINGENT LIABILITIES**

**a. Federal Grants**

The City participates in a number of state and federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

**CITY OF GRAND PRAIRIE, TEXAS**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2007**

---

**b. Litigation**

The City and Sports Corporation are contingently liable in respect of lawsuits and claims in the ordinary course of operations which, in the opinion of management, will not have material adverse effect on the combined financial statements.

**c. Water Intake Facility Contract**

The City entered into a contract with the Trinity River Authority (“TRA”) whereby TRA agreed to sell revenue bonds, and, to construct and operate water treatment, transmission and storage facilities necessary to supply treated water to several area cities. The City has also agreed contractually to pay TRA annually an amount sufficient to pay its pro rata share of the operation and maintenance expenses of the facilities and related debt service of its bonds. The project is not treated as a joint venture by the City since the project is managed and unilaterally controlled by TRA, the City has no equity interest in the project, and the City is not obligated for the repayment of TRA bonds.

**d. Water Purchase Contracts**

According to the terms of a take-or-pay contract between the City and TRA, the City is entitled to 10.56% of the raw water yield of Lake Joe Pool which yields 15.1 million gallons of water a day. The City is paying for its prorated share of the project over a 50-year amortization period, 10 years from the date the reservoir gates were closed in January 1986. It is estimated that the City’s total liability will be approximately \$7,032,000.

A contract with the City of Fort Worth, effective until the year 2010, permits the City to purchase up to 2.5 million gallons of treated water daily.

The City has a 30-year contract with the City of Dallas, which expires in 2012, for the purchase of water. Grand Prairie currently takes up to 27.8 million gallons a day, and pays a fixed demand charge plus a volume charge. The demand charge is based on current maximum demand or the highest demand established during the five preceding years whichever is greater. Thus, even if the City were to stop purchasing water from Dallas, its obligation to pay the demand charge (\$136,614 per million gallons per day) would extend for five years. The maximum may be increased in future years as needed. Grand Prairie has two intake points for City of Dallas water with a contractual right obligating the City of Dallas to meet Grand Prairie’s needs. Existing pipelines will provide up to 55 million gallons per day.

**e. Wastewater Treatment Contract**

The City has a 50 year contract with TRA, which will expire in 2023, for wastewater treatment. The City is billed for its prorated share of total wastewater costs, which was 9.9% in the first eleven months of 2006-2007. The City must pay its prorated share of the debt service related to wastewater treatment facilities until the debt matures whether it contributes to flow or not.

**f. Master and Other Agreements**

The Sports Corporation, Lone Star and Lone Star Jockey Club Development Corp. (“LSJC”) entered into an agreement (the “Master Agreement”) to design and develop a pari-mutuel horse racetrack (the “Facility”). On October 23, 2002, Lone Star, LSJC, and MEC Lone Star, L.P. (“MEC”) entered into an asset purchase agreement whereby MEC agreed to purchase substantially all of the racing assets of Lone Star and LSJC. The Master Agreement between the Sports Corporation, Lone Star, and LSJC was terminated. Lone Star and LSJC assigned to MEC all of their rights and obligations under the lease and certain ancillary agreements with the Sports Corporation. MEC Lone Star currently holds the license to operate the “Class 1” racetrack.

The City and Texas NextStage, LP (“NextStage”) entered into agreements (Development Agreement, Lease Agreements and other ancillary agreements) on January 10, 2001, to design, develop and construct a performance hall (the “Performance Hall”). Construction of the Performance Hall began in July 2000 and was completed in February 2001. Under the agreements, the City purchased the Performance Hall from NextStage for \$15 million with the proceeds from the \$17.9 million TIF tax and tax increment certificate of obligation bond issue in fiscal year 2001. NextStage initially leased the Performance Hall from the City under a 21-year lease. Effective September 18, 2002, Anschutz Texas, L. P. assumed the lease obligations of NextStage and became lessee and operator of the Performance Hall. The lease between the City and Anschutz Texas, L. P. expires January 23, 2023. Monthly lease payments from the lessee of the Performance Hall are used to pay debt service on bonds issued by the City for the purchase of the Performance Hall.

**g. Construction Commitments**

The City has several approved outstanding major capital projects as of September 30, 2007. The City’s total committed but unexpended expenditures for such authorized capital projects at year-end approximates \$45,220,547. Funding for these contracts will be received through various capital projects funds and enterprise funds.

# COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES

Combining and Individual Fund  
Statements and Schedules

## COMBINING FINANCIAL STATEMENTS

### NON-MAJOR GOVERNMENTAL FUNDS

#### Special Revenue Funds

Special Revenue Funds are used by the city to account for revenues derived from specific taxes, fees, donations, and grants which are designated to finance particular functions or activities of the city. The city has seventeen non-major special revenue funds which include:

- ◆ Other Special Revenue Funds – accounts for various miscellaneous grants from the federal, state, or local governments. All grants included in this fund are for specific projects with limited duration. In addition, other separately funded projects are included. Home Revenue Fund, Employee Welfare Fund, Expendable Fund, Cemetery Fund, Theater Fund, Library Memorials Fund, Pooled Investment Fund, Public Improvement Districts Funds, and Emergency Fund are now included under this heading. These funds were reported separately in prior years.
- ◆ Community Development Block Grant (CDBG) – accounts for monies allocated from the federal government for the rehabilitation and improvement of low-to-moderate-income neighborhoods within the city.
- ◆ Hotel/Motel Tax Fund – accounts for the receipts and allocation of the city’s 7% hotel-motel tax revenue in accordance with the requirements of state law.
- ◆ Police Seizure Fund – accounts for police seizure assets for pending court cases and for money awarded to the city by county courts from assets seized by the Grand Prairie Police Department.
- ◆ Cable Operations Fund – accounts for the revenue collected through the cable company for government access programming. Expenditures in this special revenue fund are designated for the operations and improvements to the city’s cable channel.
- ◆ Municipal Court Fund – accounts for fees collected to maintain security for municipal court buildings, judicial efficiency, and municipal court technology.
- ◆ Street Maintenance Fund – accounts for the quarter cent sales tax to maintain existing streets and alleys that was effective April 1, 2002.
- ◆ Tax Increment Financing Districts (TIF) Fund – accounts for the activity of the City’s three TIFs. Revenues collected are primarily inter-local property tax increment funding.
- ◆ Lake Parks – accounts for the activity of the 4 major parks surrounding Joe Pool Lake that were received from Trinity River Authority.
- ◆ Gas Well Revenue Fund - accounts for the proceeds generated from City gas wells and expenditures for authorized projects.
- ◆ Baseball Stadium Fund - accounts for the city's baseball stadium and ongoing rental income and debt service.

#### Other Capital Projects

Other Capital Projects is used to account for capital improvements which are financed by the city’s general obligation bond issues and other designated resources. The Fire Station Fund, Police Station Fund, Storm Drainage Fund, Library Improvements Fund, Capital Reserve Fund, Street Projects Fund, Equipment Acquisition Fund, Certificates of Obligation Fund, and Municipal Facilities Fund are now included under this heading. These funds were reported separately in prior years.

## INDIVIDUAL FUND SCHEDULES

### BUDGET TO ACTUAL SCHEDULES

Appropriations are approved by the City Council by fund for all budgeted funds. During the fiscal year it was necessary to amend the original budget by City Council action. The original budget and amended budget are presented for the following funds:

- ◆ Debt Service Fund - accounts for the payment of principal and interest on the city's property tax supported debt.
- ◆ Hotel/Motel Tax Fund – accounts for the receipts and allocation of the city's 7% hotel-motel tax revenue in accordance with the requirements of state law.
- ◆ Police Seizure Fund – accounts for police seizure assets for pending court cases and for money awarded to the city by county courts from assets seized by the Grand Prairie Police Department.
- ◆ Municipal Court Fund – accounts for fees collected to maintain security for municipal court buildings, judicial efficiency, and municipal court technology.
- ◆ Cable Operations Fund – accounts for the revenue collected through the cable company for government access programming. Expenditures in this special revenue fund are designated for the operations and improvements to the city's cable channel.

**CITY OF GRAND PRAIRIE, TEXAS**  
**SCHEDULE OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCE**  
**DEBT SERVICE FUND - BUDGET TO ACTUAL COMPARISON SCHEDULE**  
**FOR THE YEAR ENDED SEPTEMBER 30, 2007**

Excess (deficiency) of revenue over (under) expenditures	1,016,415	961,363	2,886,353	(51,308)	2,835,045	1,873,682
<b>OTHER FINANCING SOURCES (USES)</b>						
Transfers in	87,062	87,062	87,062	-	87,062	-
Transfers out	(1,338,845)	(1,323,793)	(1,323,793)	-	(1,323,793)	-
Premium on debt issued	-	-	97,413	-	97,413	97,413
Total other financing sources (uses)	(1,251,783)	(1,236,731)	(1,139,318)	-	(1,139,318)	97,413
Net change in fund balance	(235,368)	(275,368)	1,747,035	(51,308)	1,695,727	1,971,095

Note:  
An amendment to the original budget was made due to bonds being issued after the original budget was adopted. Interest expenditures were lower than budgeted due to lower interest paid on refunding. Property tax revenue from delinquent taxes was higher than anticipated. Debt service interest expenditures were under budget due to the delay until next fiscal year of an anticipated bond sale.

## COMBINING FINANCIAL STATEMENTS

### NON-MAJOR ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the City Council is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the City Council has decided that periodic determination of revenues earned, expenses incurred, and/or net income (loss), is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The reporting entity has two non-major enterprise funds which include:

- ♦ Municipal Airport Fund – The Grand Prairie Municipal Airport is a general aviation airport which has revenues from fixed-base operators' leases, city-owned hangar leases, and fuel sales. City employees operate and maintain airport facilities.
- ♦ Storm Water Utility Fund – accounts for the receipt of storm water utility fees for construction, operations, and maintenance of the city's storm water drainage system.

## COMBINING FINANCIAL STATEMENTS

### INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments within the city:

- ◆ Equipment Services Fund – accounts for a full range of services in managing and maintaining the city’s fleet of vehicles and equipment. The fund does not own the city fleet.
- ◆ Risk Management Fund – accounts for premiums, deductibles, and claims for all types of city insurance.

(continued)

- (1) Revenues include operating revenues plus impact fees and investment income.
- (2) Expenses exclude depreciation expense.
- (3) In 2002, franchise fees were excluded from operating expenses.  
 If they had been included, the coverage ratio would have been 2.24.  
 In all other years, franchise fees are included in operating expense.
- (4) Bond covenants require coverage of no less than 1.25.  
 The City financial policies require coverage of no less than 1.50.
- (5) The City's initial Park Venue Sales Tax Revenue Bonds were issued in fiscal year 2000.
- (6) Bond covenants require a coverage of no less than 1.25. The City  
 financial policies require a coverage of no less than 1.50.

2007	2,407,021	5,681,405	8,088,426	3,150,985	4,214,287	7,365,272

(continued)

(1) Debt retired in FY 2004 from reserve on hand and the Trinity River Authority.  
The principal payment was \$275,000.

The City has contracted with City of Dallas for water purchases and the Trinity River Authority for wastewater treatment. The City's obligation for Dallas Water Utilities demand charges continues even if the City does not purchase water. Similarly, the obligation to TRA for Debt Service continues whether the City contributes to the wastewater flow or not. These contracts are explained in the Notes to Financial Statements under Contracts, Commitments, and Contingent Liabilities.

O & M means Operations and Maintenance.

**TRINITY RIVER AUTHORITY**

<b>JOE POOL LAKE INTAKE</b>	<b>JOE POOL LAKE CORP OF ENGINEERS</b>	<b>WATER STORAGE FACILITY <sup>1</sup></b>
