**Notice**

**Opportunity for a Public Hearing**

**GRAND PRAIRIE MAIN STREET ROUNDABOUT**

**From State Highway (SH) 180 (Main Street) to Jefferson Street**

**CSJs: 0008-08-079**

**Dallas County, Texas**

The Texas Department of Transportation (TxDOT) and the City of Grand Prairie are proposing to reconstruct the existing at-grade intersection of East Main Street and East Jefferson Street to an at-grade, highspeed, multi-lane roundabout in Dallas County, Texas. This notice advises the public that TxDOT is affording an opportunity for a public hearing on the proposed project.

The project limits span across four intersections including East Main Street and East Jefferson Street; East Main Street and Service Road North; East Jefferson Street and Service Road South; and East Jefferson Street and Idlewild Road. The proposed project would reduce East Jefferson Street (westbound) to one lane approaching the East Main Street intersection, with the existing right lane converted to a right turn only lane. Additionally, the existing East Jefferson Street (eastbound) two left turn lanes would be shifted east to for the northbound roundabout approach. Service Road South would be reconstructed to remove the intersection with East Jefferson Street and converted into a cul-de-sac. Similarly, Service Road North would be reconstructed to remove the intersection with East Main Street and converted into a cul-de-sac.

Additional improvements include the construction of a 10-foot-wide sidewalk along East Main Street and Service Road North, East Main Street and East Jefferson Street, and East Jefferson Street and Service Road South. Pedestrian crossings would also be included across East Main Street (westbound) and across East Main Street (eastbound) and East Jefferson Street. The existing right-of-way varies between 100 feet to 546 feet in width. No additional right-of-way would be required for the construction of the proposed project.

The proposed project would involve construction in wetlands.

The proposed project would involve an action in a floodplain.

Any environmental documentation or studies, maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at the City of Grand Prairie located at 300 W Main Street, Grand Prairie, TX 75050, and by calling (972) 237-8132. Project materials are also available online at [www.gptx.org](http://www.gptx.org).

The project materials are written in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to review the project materials or submit information, please contact Walter Shumac, City of Grand Prairie Project Manager, at (972) 237-8132 no later than 4 p.m.

## **Notice Affording an Opportunity for a Public Hearing**

CT, at least three business days before the date on which you would like to review the project materials or submit information. Please be aware that advance notice is required as some services and accommodations may require time to arrange.

Any interested person may submit a written request for a public hearing on this project. Written comments from the public regarding the proposed project are also requested. Written hearing requests and comments may be submitted by mail to the City of Grand Prairie Atten300 W Main Street, Grand Prairie, TX 75050, or by email to Walter Shumac, City of Grand Prairie Project Manager, at [wshumac@gptx.org](mailto:wshumac@gptx.org). All hearing requests and comments must be received on or before Friday May 19, 2023. A hearing will be held if ten or more individuals submit timely written requests for a hearing, or if an agency with jurisdiction over the project submits a timely written request for a hearing that is supported by reasons why a hearing will be helpful. Responses to comments received will be available online at [www.gptx.org](http://www.gptx.org) once they have been prepared.

If you have any general questions or concerns regarding the proposed project, please contact Walter Shumac, City of Grand Prairie Project Manager at [wshumac@gptx.org](mailto:wshumac@gptx.org), or by calling (972) 237-8132.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
