COMMUNITY RATING SYSTEM AND FLOOD ASSISTANCE INFORMATION

The City of Grand Prairie participates in the Community Rating System (CRS). The CRS is a subset of the National Flood Insurance Program (NFIP). This voluntary incentive program recognizes and encourages community floodplain management activities that exceed the minimum NFIP requirements. As a result, flood insurance premium rates are discounted to reflect the reduced flood risk resulting from the community's actions meeting the three goals of the CRS: 1) Reduce flood losses, 2) Facilitate accurate insurance rating, and 3) Promote the awareness of flood insurance. Based on the city instituting higher standards related to floodplain management, the city was awarded a class 4 ranking, effective in October 2023, which qualifies residents for up to a 30 percent discount on flood insurance premiums.

The city's Storm Water Utility Team can provide information about properties impacted by floodplains, as well as the city's floodplain management standards. Questions about floodplains can be sent to city staff via email at floodplain@gptx.org, by phone at 972-237-8321, or by visiting the Planning and Engineering window at City Hall, 300 W. Main St. For information related to flood insurance, residents can contact their homeowners' insurance provider or visit the official National Flood Insurance Program website at <https://www.floodsmart.gov>.
