GRAND PRAIRIE FIRE DEPARTMENT CELEBRATES 25 YEARS OF DELIVERING ADVANCED EMERGENCY MEDICAL SERVICES (EMS)

On July 13, 1999, the Grand Prairie City Council approved a resolution appointing the Grand Prairie Fire Department (GPDF) as the primary EMS provider. Shortly after, GPDF purchased seven ambulances and hired 42 firefighters to serve as certified paramedics. On August 1, 2000, the first city-owned ambulance transported its first patient. Twenty-five years later, GPDF averages approximately 15,000 medical calls per year. Currently, GPDF has more than 250 paramedics who service 84 square miles and four counties.

GPDF's EMS has received multiple recognitions throughout the years, including 11 Mission Lifeline Silver and Gold Plus awards by the American Heart Association for following the latest research-based standards for severe heart attacks and improving the quality of care for all acute coronary syndrome patients.

Strategically located throughout the city's fire stations, eight ambulances are staffed with two firefighters/paramedics 24 hours per day. The paramedics respond to medical emergencies, major accidents, structure fires, and many other related medical calls.

This month, we celebrate the men and women who make up the GPDF EMS as

FLOOD INSURANCE LETTER FROM THE MAYOR

Dear Resident,

A flood can devastate your home and your financial stability. Any flood – even a small one – can result in expensive repairs. Floodwaters are a mixture of mud, sewage, animal waste and chemicals. Floods ruin floors, walls, and carpets. Everything from appliances to your furniture may have to be thrown away. You have seen the pictures of household items thrown to the curb following devastating flood events in Texas and across our nation. Without flood insurance, you are on your own. Your standard homeowners insurance policy does not cover flood damages. The government will not help you pay for necessary repairs following a flood. The president must declare a flood as a disaster before federal assistance can be made available. Even when floods are declared disasters, financial assistance is typically provided in the form of a loan that you will have to pay back with interest. Flooding is America's #1 disaster. You don't have to live near a major creek or waterway to be flooded. Severe storms, downed trees, and debris dumped in creeks can all cause flooding. The good news is that flood insurance can be surprisingly affordable. If you live in a moderate-to-low risk area, the typical flood insurance policy costs approximately less than \$500 yearly for building and contents coverage. If you rent and do not own your home, you can purchase "contents only" coverage to protect your belongings. Anyone in the City of Grand Prairie can purchase flood insurance. You do not have to live in the 1% annual chance (100-year) floodplain to purchase flood insurance. The majority of private property flood damage reported to the city in 2015 was located outside the 1% annual chance floodplain. Floods can happen in a short period of time. Flash flooding can happen with very little warning. FEMA typically has a 30-day waiting period before flood insurance becomes effective. If you wait until a flood is predicted, you may not be able to get flood insurance coverage in advance of the storm. The city's Stormwater Department provides a comprehensive flood information program to the public. Residents may access flood risk information and other flood information by calling the city Stormwater Department at 972-237-8321, and meeting with a department representative in person, or by accessing the city's website at www.gptx.org/floodplain. Do you want to know the flood zone of your property to determine your flood risk? The city can provide a map information service enabling all residents the ability to determine the flood zone of a specific property. The Federal Emergency Management Agency (FEMA) Flood Insurance Rate Maps (FIRMs) are available for viewing at City Hall. Current FIRMs can be found at the following link on the city's website: www.gptx.org/floodplain and at the FEMA Flood Map Store at <https://msc.fema.gov/portal>. Don't let a flood wash away your financial future. Get flood insurance... before it's too late!

KEEP GRAND PRAIRIE BEAUTIFUL PROGRAMS AND CLASSES

Turn your thumb green at one of the six garden locations and grow your own fresh veggies—free for Grand Prairie residents only. Complete an interest form and view the free class schedule at gptx.org/kgpb.

ENTER THE CITY CALENDAR PHOTO CONTEST

Calling all photographers—amateur and professional! We invite Grand Prairie residents to submit their best shots for the 2025 City Calendar Photo Contest. Entries will be accepted through October 1, 2025.

Photos must be taken in Grand Prairie and suitable for publication in city materials. This year, we're especially looking for patriotic-themed images that highlight the spirit of the United States—think American flags, red, white, and blue, or moments that celebrate our national pride.

Selected photos may appear in a variety of city publications, with credit given in the calendar. The winning photos will be featured in the 2026 City Calendar, which will be printed and distributed in December.

To enter, please include your name, address, email, and phone number with your photo submission. Email high-resolution image to: media@gptx.org.
