

# City of Grand Prairie Fire Department Code Regulations

## Tents at Special Events

Any tent, stage canopy, air-supported or air-inflated membrane structures in excess of 400 square feet of floor area requires additional information to be issued a permit.

Plans Must Show:

- 1) Detailed site plan showing the location of:
  - a. Other buildings and/or tents
  - b. Streets and fire lanes
  - c. Lot lines
  - d. Engines, cooking equipment, generators, and anything similar
- 2) Detailed floor plan showing:
  - a. Exiting, including width
  - b. Seating arrangement, if applicable
  - c. Heating equipment
  - d. Any electrical equipment
- 3) Engineered documentation of the tent's ability to withstand collapse and weather.

Fireworks shall not be used within 100 feet.

Except for properly-installed, approved cooking equipment, no heating, cooking, or combustion (such as generators) may be located within 20 feet of tents.
