

DALLAS-FORT WORTH AIR QUALITY IMPROVEMENT PLAN

The North Central Texas Council of Governments (NCTCOG) is seeking recommendations on air quality improvement projects for your community!

NCTCOG is collaborating with local stakeholders in the Dallas-Fort Worth region to develop a comprehensive Air Quality Improvement Plan (DFW AQIP). The plan will create a roadmap to improve air quality, protect public health, and reduce the impacts of extreme weather events.

Your input is requested and important! Please go to www.publicinput.com/dfwAQIP to make recommendations, attend an open house, and more.

FOCUS AREAS:

Energy

- Reduce energy use and costs
- Facilitate the use of energy efficient products
- Improve reliability of the Texas electrical grid
- Generate more power from low-emitting or renewable energy sources

Water, Wastewater, and Solid Waste

- Improve water quality and reduce flooding
- Conserve water
- Encourage expansion of local recycling and composting

Transportation

- Increase use of cleaner vehicles, such as electric and natural gas
- Create walkable communities
- Provide more public transit options
- Build a more efficient and safer roadway system
