

Residential Backup Power System 3rd Party Compliance Review Certification Form

Date: _____

Project Address: _____

Property Owner: _____

Permit/Application No.: _____

Pursuant to the requirements of **Texas Senate Bill 1202**, effective September 1, 2025, this form serves as a formal attestation that the residential backup power system designed and/or reviewed for the above-referenced property is in compliance with all applicable **state law, local ordinances**, and **current building and electrical codes**, including but not limited to:

1. The **National Electrical Code (NEC)** 2023 Edition;
2. The **International Residential Code (IRC)** 2021 Edition;
3. The **International Fire Code (IFC)**, 2021 Edition;
4. City of Grand Prairie's Code of Ordinances, and Unified Development Code (UDC), and
5. Manufacturer specifications

I hereby confirm that:

1. The proposed backup power system _____ (e.g., natural gas generator, battery backup, or hybrid system) is designed to meet all applicable **safety, installation, and interconnection standards**;
2. All equipment is **listed** and **labeled** for residential use in accordance with nationally recognized testing laboratories (NRTL);
3. The design is in accordance with all applicable codes, standards, and laws.

All relevant documentation, including site plans, electrical one-lines, or manufacturer's specifications, are also provided as part of the review for compliance.
