

This record drawing is a compilation of sealed engineering drawings for this project modified by information furnished by the contractor. Based on the contractors' information, general inspection provided by the City, and my personal field visits of the project, they are in general conformance of the design plans prepared under my direction and seal. Revisions as directed by the owner/developer or field conditions have been reflected through information furnished under my direction and by the contractor and identified specifically as changes made on these record drawings.

Signed, Engineer of Record
