

Stage II Drought Contingency Plan Waiver Request

If an operator would like to request a waiver to the Stage II Drought Contingency Plan which prohibits water sales for gas well operations, a letter must be submitted to the City's Public Works Director, Gabriel Johnson by mail at 300 West Main St, Grand Prairie, Texas 75050 or by email to gjohnson@gptx.org.

Operators should submit the following information:

- 1) Reason for request
- 2) Dates and time of water usage including date they can reasonably discontinue use if necessary.
- 3) Amount Requested – total volume and rate of flow
- 4) Specific location where water will be taken
- 5) Type of activity the water will be used for (drilling, filling frac pond, etc.)

If an operator is currently drilling, water will still be available until waiver is reviewed.
