

Example of Health and Safety Policy

The transmission of COVID-19 remains a significant threat to the health and safety of the Grand Prairie community and rates of infection are increasing. The virus can be spread to others by infected persons who have few or no symptoms.

In order to comply with the Executive Order issued by Dallas County Judge Clay Jenkins and consistent with Governor Abbott Executive Order GA-26, the facility will implement the following plan to mitigate the risk of exposure to COVID-19 for customers, visitors, and employees.

Face Covering:

- ❖ All persons over the age of ten (10), including employees, customers, visitors, invitees and contractors, who enter the facility must wear a face covering over their nose and mouth. The face covering may be a homemade mask, scarf, bandana, or handkerchief.
- ❖ Face covering will be made available to those that don't have one and want to enter the facility.
- ❖ Do not enter the facility if you are experiencing any COVID-related symptoms.

Social Distancing:

- ❖ All individuals entering the facility must maintain six feet of social distancing from other individuals that are not part of their household.
- ❖ Employees should not work within six (6) feet of one another, except to the extent necessary to provide services
- ❖ All customers and visitors must follow social distancing signs and/or decals on the floor when waiting for service.

Hand Sanitation and Temperature Scanners:

- ❖ All individuals must sanitize their hands before entering the facility. Hand sanitizers will be provided at each entrance.
- ❖ If a temperature scanner is available, all individuals entering the facility must self-screen their temperature before proceeding to enter the facility. Temperatures of 100°F or higher is suspicious of possible exposure to the virus and the person cannot enter the facility.

Notice:

- ❖ Customers and visitors who refuse to wear a face covering will be asked to leave the premises and will not be provided goods or services until the face covering requirements are followed.

**This Health and Safety Policy will be posted in compliance
with the executive order.**
